PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.005	
Public Health / Negative Economic Impact	Ab Section(3)	
DHEWD - MoExcels for Private Institutions		
1a. What strategic priority does this program address?		
Expansion of employer-driven education and training programs and career opportun	nities for populations historically underserved by higher education.	
1b. What does this program do?		
Enhance Missouri's efforts to address the economic and public health needs created include, but are not limited to, healthcare, safety, and educational disparities.	by the pandemic and resulting economic disruption. These needs	
2a. Provide an activity measure(s) for the program.		
Number of projects funded Number of students participating in selected programs		
2b. Provide a measure(s) of the program's quality.		
Student persistence rate Program graduation rate Employment rate of graduates Licensure or certifications obtained, where applicable		
2c. Provide a measure(s) of the program's impact. Increase in overall degree and/or credential completion		
Increased workforce/labor participation rates		

PROGRAM DESCRIPTION			
American Rescue Plan Act	AB Section(s): 20.005		
Public Health / Negative Economic Impact	·		
DHEWD - MoExcels for Private Institutions			

2d. Provide a measure(s) of the program's efficiency.

Cost per student served Programs are to be self-sustaining and articulate long-term impact 50% match funds

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

DHEWD - Modernize Missouri Job Centers	

Missouri Job Centers serve individuals in need of employment and training services in the state. Modernizing the technology and access points will allow citizens broader options for service accessibility.

1b. What does this program do?

Job seekers and employers will benefit from expanded accessibility and modernized services that will be leveraged to support sustained growth in Missouri's labor force participation rate. Adaptive technology to serve citizens with disabilities, virtual delivery of services including video conferencing, updated facilities with modern equipment and technologies, and consistent branding is necessary to cultivate a human-centered design approach to Missouri's Job Center Connect network.

2a. Provide an activity measure(s) for the program.

	FY 2	FY 2022 FY		Y 2023 FY 2		2024	FY 2025	FY 2026	FY 2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Total Participants Served	71,800	64,521	64,771	70,971	73,100	67,154	69,840	73,332	76,999
Participants Served-In Person	30,022	43,659	43,735	52,911	54,498	42,745	56,678	59,512	62,488
Participants Served-On Line	41,778	20,862	21,149	18,060	18,602	24,409	19,346	20,313	21,329

^{*}Number of individuals served represents customers receiving a service through the Missouri Job Centers and our self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. Participant data was queried from customer data through MoPerforms.

Additional measures:

Number of employers posting jobs through the Missouri Labor Exchange.

Number of citizens utilizing virtual hiring resources.

^{**}Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2025 thru FY 2027 are estimated to increase by 3%, 4%, and 5% respectively.

PROGRAM DESCRIPTION			
American Rescue Plan Act		AB Section(s):	20.013
State Services			
MODOT - Port Capital Improvement Projects		-	

Service - providing outstanding customer service, delivering efficient and innovative transportation projects and operating a reliable transportation system

1b. What does this program do?

Ports are the on/off ramps for commerce on the Missouri and Mississippi Rivers. Ports leverage capital improvement program funds with private and federal funding to respond to business needs. This combination of funding increases freight commerce moved through the ports in Missouri, improving connections between transportation modes, and spurring economic growth and jobs. Projects funded through this program include construction of docks, purchase of cranes, construction and rehabilitation of the port-owned rail facilities, and construction of fleeting facilities. Strategic investments made at the ports create new jobs at the port itself as well as help businesses located 150 miles or more away stay competitive in domestic and global markets. According to the 2017 Economic Impact Study for Missouri Ports, the public ports support 290,000 jobs and 34 percent of Missouri's economy resulting in \$2.4 billion in state and local tax revenue.

2a. Provide an activity measure(s) for the program.

The Mid-America Port Commission is ineligible for capital improvement funding because it is a tri-state commission and not a port authority. The 2026 and 2027 projections are based on the ports currently eligible for capital improvement funding in fiscal year 2025.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.013	
State Services	· /	
MODOT - Port Capital Improvement Projects		

2b. Provide a measure(s) of the program's quality.

The ports receive funding by submitting their expenses to MoDOT for reimbursement. The main reason for reimbursements not being processed within 30 days is the delay in receiving additional documentation from the ports. The decline in 2023 and 2024 was due to the increase in funding for ports. The 2025 and 2026 projections were set at 100 percent based upon the department's goal.

2c. Provide a measure(s) of the program's impact.

The fiscal year 2025 and 2026 projections were established by calculating the average from 2021 to 2024 actuals.

PROGRAM I	DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.013
State Services	
MODOT - Port Capital Improvement Projects	

The 2025 and 2026 projections for state investment are based on the project needs submitted by the Port Authorities. The large non-state investment in 2021 and 2022 was due to the continued construction of a new port and three ports investing in expansion of their facilities. The large non-state investment in 2024 was due to ARPA funding provided directly to the ports for projects. A minimum 20 percent local match is required.

2d. Provide a measure(s) of the program's efficiency.

Each loaded barge can carry 1,500 tons of bulk products such as fertilizer, grain, aggregate, steel and timber on the rivers in lieu of 58 or more semi trucks on congested roadways. Missouri experienced an average annual increase of 9.2 percent in freight movements from calendar year 2019 to 2021. The 2023 and 2024 projections are based on projecting a 9.2 percent increase in tonnage moved each year. Actual tonnage data is published the by US Army Corps of Engineers and calendar year 2023 data was not available at time of publication.

State Services		
MODOT - New Madrid County Port Authority		

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system

1b. What does this program do?

Ports are the on/off ramps for commerce on the Missouri and Mississippi Rivers. Public port authorities use these capital improvement funds to respond to existing or future business opportunities at the port and leverage with private investment. These improvements increase commerce on Missouri's waterways, improve connections between transportation modes, and spur economic growth and jobs. Strategic investments made at the ports create new jobs at the port itself as well as help businesses located 150 miles or more away stay competitive in domestic and global markets. According to the 2017 Economic Impact Study for Missouri Ports, the public ports support 290,000 jobs and 34 percent of Missouri's economy resulting in \$2.4 billion in state and local tax revenue.

2a. Provide an activity measure(s) for the program.

The Mid-America Port Commission is ineligible for capital improvement funding because it is a tri-state commission and not a port authority. The 2026 and 2027 projections are based on the ports currently eligible for capital improvement funding in fiscal year 2025.

American Rescue Plan Act	AB Section(s):20.016
MODOT - Kansas City Streetcar	-

Safety - moving Missourians safely.

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system.

1b. What does this program do?

For the design and enviormental study phases of the Kansas City Streetcar for the purpose of managing, operating, and maintaining the streetcar, as well as planning for future streetcare extensions.

2a. Provide an activity measure(s) for the program.

There are three operational systems in Missouri: the Metrolink in St. Louis, the Delmar Loop Trolley in St. Louis, and the Kansas City Streetcar. The Delmar Loop Trolley is currently operating during spring, summer and fall only. Each system is subject to the safety requirements of the State Safety Oversight program. The 2026 and 2027 projections are based upon the number of light rail systems in operation in 2025.

American Rescue Plan Act MODOT - Kansas City Streetcar 2b. Provide a measure(s) of the program's quality.

The 2025 and 2026 projections for Kansas City Streetcar are based on the average of the last three years of actuals. The 2025 and 2026 projections for Metrolink are based on the average of actuals for fiscal year 2021 and 2022. The 2023 and 2024 Metrolink data was not available at time of publication.

2c. Provide a measure(s) of the program's impact.

Currently, three light rail systems exist in Missouri: the Metrolink in St. Louis, the Delmar Loop Trolley in St. Louis and the Kansas City Streetcar. The Delmar Loop Trolley is operational during spring, summer and fall only. Compliance reviews are conducted every three years and were conducted in 2023. The 2024 and 2025 projections are based on the average of the last three years of actuals.

American Rescue Plan Act MODOT - Kansas City Streetcar

2d. Provide a measure(s) of the program's efficiency.

This measure represents the amount of time the State Safety Oversight (SSO) program uses to verify the completion of a Corrective Action Plan (CAP). Even when not in operation, the Delmar Loop Trolley is still subject to CAP enforcement. The 2024 and 2025 projections are based on the SSO's goal to close CAPs within 45 days.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

American Rescue Plan Act	AB Section(s): 20.025
Public Health / Negative Economic Impact	
OA - State Facility HVAC Projects	

OA - FMDC has identified HVAC projects that have reached the end of their useful life or they are not operating efficiently.

1b. What does this program do?

The projects identified by OA - FMDC will be designed and installed to ensure above normal energy efficiency, mandatory UV-C disinfection, enhanced air filtration, completion of rebate applications, building insulation (when needed), and dedicated Building Automation Systems (BAS). These guidelines will ensure OA - FMDC is installing systems that provide optimal comfort, disinfected air, and efficient operation for reducing energy consumption.

2a. Provide an activity measure(s) for the program.

The OA - FMDC Operations staff shall review and update HVAC systems controls in order to maintain:

- Maximum energy efficiency
- Building comfort
- Building hygiene

2b. Provide a measure(s) of the program's quality.

- UV-C disinfection equipment for improved building hygiene and control of biological contaminants.
- Upgrades to filtration systems for improved building hygiene and cleaner air.
- Modifications to HVAC control systems to ensure increased air changes for improved building hygiene.

2c. Provide a measure(s) of the program's impact.

Reporting through HVAC controls will monitor the increase in air exchanges, system filtration, and UV disinfection to show the impact of the system upgrades.

PROGRAM	DESCRIPTION
American Rescue Plan Act	AB Section(s):20.030
Public Health / Negative Economic Impact	
OA - DCI Modernized eLicensing System	

The Division is currently utilizing an antiquated 25-year old system (PROMO) that ITSD has indicated has reached end-of-life and only has two skilled inhouse ITSD staff members for maintenance, as the vendor no longer supports this application.

1b. What does this program do?

A new modern licensing system implementation will empower applicants and licensees to have more control over their own future by vastly improving: access to their application status, ability to enter their own data, uploading documents into the system, electronic payments for applications, and maintenance and renewals. This system will enable licensees to have access to their data around the clock, including on mobile devices, which enables them to obtain and renew their license faster and to enter the workforce sooner.

2a. Provide an activity measure(s) for the program.

Under our current system all processes are done manually except for renewals. Last year, PR manually processed 55,000 paper applications, 139,000 address changes, 88,000 name changes, and 5,000 complaints.

80% of renewals are done online and the other 20% are done manually. The Division expects all other manual processes to be reduced to 20% instead of the current 100% with the new system.

2b. Provide a measure(s) of the program's quality.

PR estimates 35-40% of current online renewals are after-hours, and all 300+ professions do after-hour business. PR anticipates a large increase in after-hour business beyond renewals because of the difficulty of many professions to call during business hours, especially our health care providers. PR licenses 525,000 Missourians with over half in the healthcare industry.

2c. Provide a measure(s) of the program's impact.

COVID-19 has exposed a more urgent need to get trained and licensed professionals into the workforce, as soon as possible. This project will empower licensees by making the process faster and more efficient. The new system will support ITSD's effort for Identity and Access Management, by ensuring the vendor can integrate with ITSD's tools and services. Fully understanding the need to share data, the system will have the capability to export and import data from ITSD supported Data Lakes.

PROGRAM DES	SCRIPTION
American Rescue Plan Act	AB Section(s):20.030
Public Health / Negative Economic Impact	
OA - DCI Modernized eLicensing System	

2d. Provide a measure(s) of the program's efficiency.

Prevent delays in providing licensing and maintenance services during shutdowns, state holidays, weekends, or staff shortages. The new system will include interstate compacts/portability, utilization of improved business intelligence, etc. It will also include an updated information management system for investigations that seek a new level of agility, both in acquiring and sharing information and in analyzing it to dramatically improve each board's ability to

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: Sections 209.319 to 209.339, sections 214.270 to 214.516, sections 256.450 to 256.453, sections 317.001 to 317.021, sections 436.215 to 436.272, sections 436.400 to 436.525, and chapters 324, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 345, and 346, RSMo.

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DE	SCRIPTION
American Rescue Plan Act	AB Section(s): 20.031
OA - Neosho State Office Building	-

Construction of a new state office building in Neosho, MO to be used as office space by the Department of Social Services, the Department of Health and Senior Services, and the Department of Corrections - Probation and Parole to serve clients in the region.

1b. What does this program do?

The Department of Social Services and the Department of Health and Senior Services were previously located in a leased facility in Neosho, MO. The leased facility was sold by the existing lessor to Neosho School District R-5 on December 15th, 2021. After the sale of the property, the Neosho School District R-5 notified the State of Missouri of their intentions to utilize the entire facility as their administration offices for the school district and that the lease termination and last day to occupy would be September 30, 2022.

2a. Provide an activity measure(s) for the program.

OA-FMDC has established two small temporary lease locations that have allowed the existing state agencies to have a continued presence within Newton County to provide services for the citizens of Missouri. However, the construction of a new facility is needed to allow the State to consolidate back into one location.

2b. Provide a measure(s) of the program's quality.

This funding will allow for design and construction of a building that will to meet the specific business needs of the state agency employees, visitors, and customers that will utilize this building.

2c. Provide a measure(s) of the program's impact.

Consolidating the agencies into one location will allow for the collapsing of 3 leases saving an annual cost of \$104,458. There are no other agencies in the area other than DSS, DHSS, and DOC's P&P.

2d. Provide a measure(s) of the program's efficiency.

Completion of building construction within budget.

	PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): _	20.032
OA - Fleet Management Building		

OA carpool vehicles are housed at five different locations, including one at Missouri State Penitentiary (MSP) which is being eliminated by the city's redevelopment of that area. Consolidating all operations into a single location will solve ongoing issues with customer complaints, improve safety of vehicles through daily inspections, improve efficiencies by eliminating the need to transport vehicles from five different lots to the maintenance facility, and create better customer service in the dispatching of carpool vehicles by consolidating all Fleet Management staff in one location.

1b. What does this program do?

Fleet Management location needs:

Two primary factors for the consolidated locations include:

- MSP redevelopment, which will eliminate our main OA Carpool location that houses up to 100 pool vehicles.
- Poor condition of the Vehicle Maintenance facility as documented by the attached FMDC building inspection.

Current staffing levels:

OA Fleet Management encompasses OA Carpool, OA Vehicle Maintenance and OA State Fleet Management. We have a total of nine full time staff, three part time staff, and up to ten work release offenders from Algoa Correctional Center.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):20.032
OA - Fleet Management Building	-

1b. What does this program do? (Continued)

Current work flow and staff concerns:

OA Fleet Management staff work out of different locations in Jefferson City.

The OA carpool vehicles are housed at five different locations. A new facility would consolidate all operations to a single location (dispatch and check-in, visual inspections, maintenance and repair of vehicles) and would solve these ongoing issues:

- Customer complaints of vehicle cleanliness because we could visually inspect each vehicle after every trip creating consistency and quality.
- Improved safety of vehicles because we can check for obvious safety concerns (low tires, check engine light).
- Improved efficiencies by eliminating the need to transport the vehicles from five lots to the maintenance facility.
- Customer perception issue: elimination of non-Fleet Management staff being the face of our program. The current dispatchers are not as knowledgeable and cannot solve urgent issues, which creates a lack of customer confidence.

A consolidation of staff and Carpool locations would eliminate burdens for agencies' staff that are dispatching Carpool vehicles.

OA Vehicle Maintenance has a limited number of work bays, which creates workflow inefficiencies. Additional bays will allow us to turnaround vehicle repairs quicker.

Carpool Vehicle Locations:

Corrections – Central Office, 2729 Plaza Drive Health & Senior Services, 920 Wildwood Drive Mental Health – Central Office, 1706 East Elm Street MSP (Old Missouri State Penitentiary), 102 N Chestnut Street

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): _	20.032
OA - Fleet Management Building		

2a. Provide an activity measure(s) for the program.

Currently the garage located at 705 Missouri Blvd is in need of several costly repairs that have created many safety concerns. One of the main issues are water leaks from the roof. Several attempts have been made to repair the roof but new leaks keep sprouting up every time it rains or snows. The water intrusion is causing damage to the ceiling in the office area, water running out of light fixtures, water leaking over a paint booth and in the mechanic work areas. This location has been utilized since the 1980's and the facility does not adequately meet current state needs. Parking at this location has become an issue as well. Cars are often double stacked in order to keep the lot open for traffic flow. The proposed location would allow staff to work safely in their work areas, have room to keep area clean and free of obstacles. The new work area would allow for proper tool storage, parts storage, cores, scrap metal, used tires for recycling, and shop supplies. Many efficiencies would be gained by obtaining this new location by having the room to organize tools, parts, equipment and supplies. We could handle a larger workload by having more bays resulting in faster turnaround times.

2b. Provide a measure(s) of the program's quality.

This funding will allow for design and construction of a building that will meet the specific business needs of this program.

2c. Provide a measure(s) of the program's impact.

Purchasing this property rather than leasing it will save the state \$28,500/month. The renovation cost would be incurred whether the space was leased or purchased.

2d. Provide a measure(s) of the program's efficiency.

Completion of building construction within budget.

American Rescue Plan Act

OA - Fleet Management Building

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

N/A.

6. Are there federal matching requirements? If yes, please explain.

N/A.

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):20.033	
OA - Statewide Warehouse	-	

Construction or purchase of a new 150,000 square foot warehouse. This warehouse would be the first phase of a multi-phase construction of a new consolidated state warehouse complex for approximately 600,000 square feet of storage area. The warehouse would contain climate controlled space with security and fencing along with dock and truck parking areas.

1b. What does this program do?

The state currently utilizes approximately 600,000 square feet of warehouse space in the central Missouri area of which approximately 537,000 square feet is leased. This would be the first phase of a multiphase project to place all of the state's storage in one location and reduce the cost of the leasing the warehouse space.

2a. Provide an activity measure(s) for the program.

The request was developed based off current warehouse space needs and planned out over the course of 5-10 years.

2b. Provide a measure(s) of the program's quality.

This funding will allow for purchase or construction of a statewide warehouse that would meet specific state agency needs.

2c. Provide a measure(s) of the program's impact.

This project would allow for the consolidation of all State warehouse leases in Cole county. Once all phases of the project are complete the State would have a savings of \$2.49M per year.

2d. Provide a measure(s) of the program's efficiency.

Completion of building construction within budget.

American Rescue Plan Act	AB Section(s): 20.037

OA - Jefferson City Special Olympics

1a. What strategic priority does this program address?

Special Olympics is the world's largest sports organization, with over 5 million athletes in 170 countries. The organization started in 1968 for those with intellectual disabilities to participate free of charge. Special Olympics Missouri (SOMO) serves over 15,000 athletes in Missouri.

Impacts include:

Employment – across our nation, 34% of individuals with intellectual disabilities are employed, but if they participate in Special Olympics, that number increases to 52% being employed.

Confidence - Research indicates individuals participating in Special Olympics experience increased self-confidence and increased self-esteem with additional family engagement.

Schools partnering with Special Olympics experiece an increase in graduation rates, increase in achievement scores, and increase in attendance, with a reduction in bullying. In addition, a Medicare study in Wisconsin found savings of \$55 dollars / athlete that completed their health screenings. In Missouri, 920 athletes completed a health screening in 2023, which saved Missourians \$50K.

1b. What does this program do?

This project was added as pass-through funding for a Training for Life Campus expansion at the Jefferson City Special Olympics Headquarters.

2a. Provide an activity measure(s) for the program.

SOMO State competitions:

- Indoor games expenses \$141K for 895 athletes and had to limit teams and athletes
- Convention and Visitors Bureau (CVB) economic impact in St. Charles calculated at \$336K
- Summer games expenses \$118K for 823 athletes, unable to allow additional athletes to participate
- CVB Economic impact in Columbia calculated at \$322K
- Outdoor games expenses \$152K for 779 athletes, unable to allow additional athletes to participate
- .- CVB Economic impact in Jefferson City calculated at \$836K

2b. Provide a measure(s) of the program's quality.

Sports & activities bring individuals to SOMO, we get them healthy. SOMO notes health screenings are up 42% in 2023. SOMO's Athlete Leadership Program (ALPs) builds athlete's confidence.

2c. Provide a measure(s) of the program's impact (continued).

From a financial perspective, SOMO notes the return on investment from 2023 state funding was 150% from the CVB's economic impact, which doesn't take into account the thousands of lives being impacted every single day. SOMO has a plan, clarity of expectations with accountability measures without a scoreboard, and action steps and metrics in place to monitor progress. SOMO works towards making MO a better place by championing for those with intellectual disabilities to become productive citizens of our great state of MO.

OA - Bolivar R-1/OTC Early Childhood Career Education Program	

1a. What strategic priority does this program address?

This program will be a dynamic collaboration between Ozarks Technical Community College (OTC), Bolivar R-1 School District, and several Polk County schools, including Halfway, Fairplay, Pleasant Hope, Humansville, and Morrisville. This collaboration aims to provide students with robust educational and career opportunities in Early Childhood Education and Child Care. At its core, the program leverages the strengths of OTC in delivering comprehensive career education, dual credit options, and certification pathways. This partnership ensures that students have access to a diverse array of educational resources and credentials without the need to travel, while enhancing accessibility and participation rates. On the other hand, Bolivar R-1 School District contributes its established apprenticeship, internship, and teacher-pathway programs to facilitate real-world learning experiences for students. By integrating these programs into the curriculum, students gain hands-on exposure to the field of Early Childhood Education and Child Care, preparing them for successful careers in these areas.

1b. What does this program do?

This project was added as a pass-through funding for construction and programming costs for a Bolivar early childhood career education program. This program will be a career development partnership focused on education, childcare, teacher preparation, and parent education.

2a. Provide an activity measure(s) for the program.

4,900 square foot expansion to the east wing.

Four 1,000 square foot classrooms including casework, restroom, and storage.

- -Extend corridor
- -Existing drive to be modified
- -Existing landscaping to be modified
- -Playground improvements for accessability and expansion

2b. Provide a measure(s) of the program's quality.

Completion of the project based on the planned specifications.

2c. Provide a measure(s) of the program's impact (continued).

The proposed program represents a visionary approach to education, harnessing the collective expertise and resources of educational institutions, community partners, and healthcare organizations to empower students with the knowledge, skills, and experiences needed to thrive in the dynamic field of early childhood education and child care.

2d. Provide a measure(s) of the program's efficiency.

Project is completed within budget.

	_
LGO - Boone Theater Project	

1a. What strategic priority does this program address?

The Boone Theater project, located at 1701 E. 18th Street, is a historic preservation venture reimagining the 1924 structure into an epicenter of high culture in Kansas City's Vine District. Sitting across the street from the Gem Theater and the American Jazz and Negro Leagues Baseball Museums, "The Boone" will house digital media labs, dinner theaters, The Black Movie Hall of Fame, The Black Repertory Theater of Kansas City ("BRTKC"), The Gem Theater Cultural Foundation, amongst others.

1b. What does this program do?

This project was added as a pass-through funding for an art hub and incubator at a theatre that will provide curated movie showings, food, and art installations, located in Kansas City.

2a. Provide an activity measure(s) for the program.

Completion of the project based on planned specifications.

2b. Provide a measure(s) of the program's quality.

Boone Theater will soon be home to a whole new outdoor experience for the 18th & Vine area offering curated movie showings, food, and art installations.

2c. Provide a measure(s) of the program's impact (continued).

The historically significant 18th and Vine Jazz District, a center of arts and culture in the city, has faced ongoing economic and sustainability challenges. The Boone Theater, a contributing structure to the District on both the Kansas City and National Register of Historic Places.

After being boarded up in the 1950's, the theater sat unused and as such was in drastic need of restoration; the roof had nearly collapsed and was causing water damage. City leaders and local residents knew there was little time to save the structure. To increase the livability of the larger District, cultural venues, clubs, restaurants, and public spaces needed to be reconnected.

New anchors and points of attraction were needed to further the revitalization of the area and encourage new audiences, partners and venues to the area.

2d. Provide a measure(s) of the program's efficiency.

Project is completed within budget.

American Rescue Plan Act	AB Section(s):	20.075
Public Health / Negative Economic Impact		
DED - Small Business Grant Program		

Business Development

1b. What does this program do?

- The grant provides awards to small businesses struggling to recover from the negative economic impact of the pandemic. Funding for the Small Business Grant helps offset costs associated with putting Missourians back to work, increasing costs of business, and supply chain challenges.
- National and statewide research shows that minority and women-owned businesses were hit particularly hard by the pandemic. In order to ensure support to these hardest hit businesses, this program set aside \$2M for awards to minority and women-owned small businesses.

2a. Provide an activity measure(s) for the program.

	FY2023		FY2024	
Measure	Projected	Actual	Projected	Actual
Percent of Funds Unexpended	0%	1%	0.50%	0.48%

DED - Tourism Marketing	

Tourism

1b. What does this program do?

This program supports marketing initiatives that have demonstrated the ability to promote the state as a leisure travel destination, drive incremental vistation and increase visitor spending, thus helping the state's tourism economy, and overall economy, recover from the negative impact of COVID-19.

2a. Provide an activity measure(s) for the program.

MDT's research shows that messaging distributed using ARPA funds led to more than 1.05 million visits to the VisitMo.com website, and overall generated nearly 289 million impressions (the number of times users see/engage with messaging). On MDT's social media channels, 5.8 percent of users who saw ARPA-funded content interacted with it, above the industry standard of 0.91% for Instagram and 0.19% for Facebook.

2b. Provide a measure(s) of the program's quality.

Program measurements include the consumer sentiment related to Missouri and the Division's advertising campaign. Please refer to the Division of Tourism Marketing Program Description form in House Bill 7.

2c. Provide a measure(s) of the program's impact.

The impact of this program will be measured by calculating the number of visitors to Missouri resulting specifically from the campaigns funded by this program. The amount of visitor spending tied to these campaigns also will be measured. These measurements will be completed by a third-party research vendor. Please refer to the Division of Tourism Marketing Program Description form in House Bill 7.

2d. Provide a measure(s) of the program's efficiency.

The efficiency of this program is based on a cost-per-influenced-visitor basis; in other words, the cost to reach a visitor who traveled to Missouri as a result of the Division of Tourism's campaigns. This measurement is calculated by a third-party research vendor. Please refer to the Division of Tourism Marketing Program Description form in House Bill 7.

DED - MCI International Flight Incentive Program

1a. What strategic priority does this program address?

Business and Community Development

1b. What does this program do?

This program will fund a revenue loss prevention grant that communities will be able to offer to airlines. The program will be performance based, meaning airlines will not receive funds unless they can demonstrate lost revenue on new international flights coming to the state.

2a. Provide an activity measure(s) for the program.

	FY2023		FY2024		FY2025		FY2026	
Measure	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Actual
Percent of Funds Unobligated	100%	0%	50%	50%	N/A		N/A	
Percent of Funds Obligated	0%	0%	50%	50%	N/A		N/A	

Note: Application period was 9/15/23 - 7/31/2024. Two applications were received and tentatively approved; however, applicants were unable to secure ("win") flights. Per Treasury Final Rule, all funds must be obligated (under contract) by 12/31/2024 and reimbursed by 12/31/2026. Due to the time necessary for negotiations and flight implementation, no additional application cycles can occur.

2b. Provide a measure(s) of the program's quality.

PROGRAM D	ESCRIPTION
American Rescue Plan Act	AB Section(s): 20.120
State Services	
DPS - ARPA Capitol Complex MOSWIN	

This project enhances first responder safety by enhancing and augmenting public safety communication through the reinforcement of the MOSWIN public safety radio coverage in capitol complex buildings and their surroundings.

1b. What does this program do?

This program will double the MOSWIN public safety radio channel capacity of the radio site currently serving the state capitol complex, and greatly expand and intensify the radio coverage in the surrounding capital city and the corridors into the city.

2a. Provide an activity measure(s) for the program.

The planning phase of the project will initially involve computer modeling of radio coverage from potential tower locations around the capital city. Potential tower sites will be evaluated and, if suitable, arrange occupation agreements. Once the coverage design is established, material and equipment can be ordered and construction contracts negotiated. Once received physical installation, site configuration, system integration, and turn-up will follow. Upon turn-up the resulting coverage will be tested.

2b. Provide a measure(s) of the program's quality.

The current site is located near the Capitol and is able to provide in-building MOSWIN radio coverage in nearby buildings and on-street coverage in a large portion of the capital city. The proposed simulcast group of sites will provide in-building coverage in a large majority of buildings in the city and on-street coverage beyond the city limits.

2c. Provide a measure(s) of the program's impact.

The increase in the number of sites and the increase in the number of channels will directly increase the number of users that the radio site can support within the coverage area. During routine circumstances a 6-channel site can support a large number of users without difficulty. However, the surge capacity is limited and the site can become quickly saturated during a critical incident. The additional channels will more than double the simultaneous MOSWIN talkpaths available in the coverage area for mission critical communications.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.135	
State Services		
DPS - MSHP State Crime Lab		

Improve operation effectiveness

1b. What does this program do?

- The Crime Laboratory Division provides forensic science support to the Missouri State Highway Patrol as well as to other law enforcement agencies throughout the State of Missouri by analyzing evidence recovered through criminal investigations.
- The current State Crime Laboratory is far beyond capacity and there is no space for additional equipment or personnel. The current laboratory occupies approximately 18,000 sq. ft. of a 40-year-old building designed more as an office building than a laboratory and was intended for 16 lab personnel when built; it now houses over 60 employees. By national standards, the laboratory should at minimum be 60,000 square feet.
- Forensic laboratory operations have changed dramatically over the years, and continue to progress at a rapid pace. The current facility's limitations hamper productivity, efficiency, and the adoption of new forensic technologies. Modern forensic examinations require very different facilities than what was envisioned and designed for in the 1970's and current facilities cannot be redesigned any further to meet these needs:
 - New drugs, such as fentanyl, are more dangerous to our employees and require proper ventilation to maintain employee safety.
 - Sensitivity of DNA examinations requires clean operations with properly pressurized rooms to avoid contamination.
 - The recent focus on untested sexual assault kits has required us to outsource services and restrict property crime evidence submission to mitigate demand. Changes to the sexual assault kit statute (HB 1355, RSMo 595.220), outsourcing and Rapid DNA initiatives have increased demand on laboratory services.
- Apart from being a modern 21st century forensic science facility for current employees to conduct forensic services, a new facility would include training laboratories and facilities not only for MSHP Criminalists, but also for visiting scientists, students and citizen academies.
- As leaders in the forensic sciences, we will establish a regional research facility to be used in conjunction with our state and regional forensic partners and universities to research, validate, and promote future forensic technologies. The ability to partner with universities, colleges and regional crime labs on training and research would be transformational to our stakeholders, state and regional partners, Missouri students and Missouri citizens in general. Our state forensic partners would have, for the first time, a regional forensic research facility that they could leverage for their own training, validations and method development. Furthermore, ALL state colleges and universities would have opportunities for internships and graduate projects for their students; even everyday citizens would have the ability to tour the labs, participate in citizen academies and programs that promote the forensic sciences and build the public trust in state forensic services.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.135	
State Services	· · · · · · · · · · · · · · · · · · ·	
DPS - MSHP State Crime Lab		

2a. Provide an activity measure(s) for the program.

•The Highway Patrol Crime Laboratory receives an average of 28,066 forensic cases per year (calculated over 10 years). A criminal case, in common law jurisdictions, begins when a crime is committed. Any evidence of the perpetration of a crime, or linking of individuals to the crime, can be submitted to the crime lab as a case.

•The chart demonstrates that we are completing more reports per year than we are receiving, this is primarily due to multiple reports being issued in many cases rather than a linear correlation of cases submitted to cases completed. Despite what is demonstrated, backlogs and longer than average turnaround times still exist.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.135	
State Services	<u> </u>	
DPS - MSHP State Crime Lab		
2h Dravida a magazara(a) of the programin guality		

2b. Provide a measure(s) of the program's quality.

•The Crime Laboratory Division is internationally accredited by the ANSI-ASQ National Accreditation Board (ANAB). Every year the laboratory is required to remain in compliance with not only the ANAB, but the FBI Quality Assurance Standards for Forensic DNA Testing Laboratories and Databasing Laboratories. In 2023, the MSHP Crime Laboratory was in compliance with over 500 internationally recognized standards and regulations and remains above or near the median in case output, in most disciplines, when compared to an external benchmark, 139 Crime Laboratories in the United States (Project FORESIGHT Annual Report, 2021-2022, the most recent annual report). The stretch goal for CY25-CY27 is to meet or exceed this output.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.135
State Services		
DPS - MSHP State Crime Lab		

2c. Provide a measure(s) of the program's impact.

The program exists to perform timely forensic science services for the Criminal Justice system; however, the program has had backlogs and lengthy turnaround times in some laboratory disciplines. Looking at a stretch to 2027, it appears as though this trend will continue or in some instances plateau. The submission of sexual assault cases have negatively impacted DNA. Adding programs in DNA such as Outsourcing of SAK's and Rapid DNA, have increased backlogs and turnaround times. Turnover of personnel and changes to policy have also negatively impacted backlog and turnaround time in both DNA and Drug Chemistry.

No		

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.145	
Public Health / Negative Economic Impact		
DPS - Sexual Assault Kit Testing		

Improve operational effectiveness

1b. What does this program do?

- The Crime Laboratory Division provides forensic science support to the Missouri State Highway Patrol as well as to other law enforcement agencies throughout the State of Missouri by analyzing evidence recovered through sexual assault investigations.
- The Crime Laboratory Division is responsible for the Offender DNA Profiling program in Missouri and serves as the State CODIS Administrator.
- The services the laboratory provides for sexual assault cases are as follows:
 - DNA Casework/DNA Screening works and outsources to private labs criminal cases involving sexual assault. The section locates and identifies biological fluids and obtains DNA profiles from crime scene evidence. The section enters DNA profiles developed both internally and by the outsource lab into the Combined DNA Index System (CODIS).
 - CODIS develops DNA profiles of convicted offenders, arrestees, registered sex offenders, and other samples required by law and uploads the
 profiles to the CODIS (Combined DNA Index System) database where they are searched against crime scene DNA profiles.

2a. Provide an activity measure(s) for the program

The Missouri State Highway Patrol (MSHP) Crime Laboratory outsourced 811 Sexual Assault Kits (SAK) with ARPA funding. The chart demonstrates ARPA funding assisted in reducing a growing backlog of sexual assault kits from 1,798 to 1,423.

With the help of ARPA funding, the MSHP Crime Laboratory has realized an approximate 21% reduction in the SAK backlog and a 132% increase in output. As of December 1, 2024, there are 1,423 SAK requiring testing.

PROGRAM DESCRIPTION

American Rescue Plan Act

Public Health / Negative Economic Impact

DPS - Sexual Assault Kit Testing

AB Section(s): 20.145

2b. Provide a measure(s) of the program's quality

Since 2018, turnaround time has increased by 111%, despite a 31% reduction in cases received and over 1800 sexual assault kits being outsourced, and a 47% increase of personnel in the section(s). Quality of return on investment needs improvement.

2c. Provide a measure(s) of the program's impact.

Outsourcing efforts have been successful (green line), however once the outsourcing project stopped, the backlog increase back to pre-outsourcing levels. Outsourcing projections for ARPA funding demonstrate backlog reduction though 2025.

PROGRAM DESCRIPTION

American Rescue Plan Act
Public Health / Negative Economic Impact

AB Section(s): 20.145

DPS - Sexual Assault Kit Testing

2d. Provide a measure(s) of the program's efficiency.

By comparing the costs of analyses at the MSHP Crime Laboratory to that of the Project Foresight data (Project FORESIGHT Annual Report, 2020-2021) we demonstrate that we are efficiently using our resources as our costs are at, or below, the median cost of 139 surveyed crime laboratories in all disciplines. We are meeting expectations and have demonstrated responsible resource management.

Despite a comparably high output per FTE, case turnaround time in most disciplines, is high when compared to Project Foresight. These data illustrate saturation of our labor capacity and perhaps a need to increase FTE, particularly in DNA.

DSS - Sexual Crimes Against Children Grant	

Safety & well-being for children & youth.

1b. What does this program do?

Creates grants to local county law enforcement and local county prosecutors in counties with a high percentage of alleged sexual crimes against children. It is a competitive, one time "pass through" grant, and is over a one year time period. The maximum grant award is limited to \$75,000 per recipient.

2a. Provide an activity measure(s) for the program.

Grant application to include the number of arrests, prosecutions and convictions for the previous three years in order to substantiate the neccessity for the funding. The application will also include definitive matrix of explanations from applicant to describe the need and use of the funding for equipment, training, child sexual abuse (CSA) support services and personnel as it directly relates to child sexual abuse investigations and prosecutions.

2b. Provide a measure(s) of the program's quality.

Timely impact statements and data from grant recipients describing the funding's successes and impact to the local jurisidation. Statements will inlude number of cases, number of identified victims, services to victims, and number of prosecutions.

2c. Provide a measure(s) of the program's impact.

Grant recipients should be able to increase the number of arrests and prosecutions for child sexual abuse related offenses as well as increase services to victims of CSA.

2d. Provide a measure(s) of the program's efficiency.

Identifiable increases in the number of arrests and prosecutions of suspects in CSA related offenses. An increase in the number of personnel with specialized investigative and prosecutorial skills as it directly relates to the enforcement of the related CSA statutes.

PROGRAM DE	ESCRIPTION
American Rescue Plan Act	AB Section(s): 20.165
Public Health / Negative Economic Impact	-
DMH - Cottage and Group Home ADA Upgrades	

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models, and improving total health-physical, mental, and emotional well-being of all Missourians.

1b. What does this program do?

All group homes and cottages operated by the Department of Mental Health (DMH) were built prior to revisions to the Americans with Disabilities Act (ADA) enacted in 2009. DMH clients are increasingly older and have more co-morbid mental and physical illnesses. Many clients require the use of wheel chairs or have other mobility restrictions and require accommodations to access all living areas in these homes, such as kitchens, hallways, bedrooms, and bathrooms. As group homes and cottages are the lowest level of security in DMH hospitals, patients with disabilities are at times unable to move to a lower level of care due to the lack of specific ADA accommodations, resulting in clients not being served in the least restrictive environment, thereby further limiting admissions of other clients.

The goal of this project is to make DBH cottages and group homes fully ADA-accessible and to meet ADA 2009 standards for kitchens, bedrooms, hallways, bathrooms, and doorways.

2a. Provide an activity measure(s) for the program.

The project is currently in the design phase of the project. The Division of FMDC will complete the design work themselves. Completion of the project and disbursement of funds will occur by December 31, 2026, as required per federal grant guidelines.

2b. Provide a measure(s) of the program's quality.

The project will provide ADA-compliant access to patients living in group homes and cottages and meets all planned specifications.

2c. Provide a measure(s) of the program's impact.

Renovations will allow patients with mobility restrictions to move to a cottage or group home when clinically appropriate to receive care in the least restrictive environment.

2d. Provide a measure(s) of the program's efficiency.

Renovation will use existing materials when feasible and is completed within budget.

DM	H - FSH Biggs Building Renovation		
1a.	What strategic priority does this program address? The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.		
1b.	What does this program do? This project is no longer moving forward; therefore, the funding will lapse.		
	With the recent completion of the Nixon Forensic Center at Fulton State Hospital, it was decided that the 1986 section of the Biggs Forensic Center, which formerly held maximum security patients, would be preserved for future use by Sexual Offender Rehabilitation and Treatment Services (SORTS), while the unusable 1937 and most of the 1964 addition is demolished. Renovation of this saved space would provide for an additional 86 inpatient beds and meet DMH-SORTS' space requirements through the end of the decade.		
	The renovations of Biggs would allow improvements to the site and building exterior, the interior space (providing for ADA compliant bedrooms and bathrooms), the HVAC and mechanical systems, and the portions of the building to be used for administrative and other support functions.		
2a.	Provide an activity measure(s) for the program. Not applicable.		
2b.	Provide a measure(s) of the program's quality. Not applicable.		
2c.	Provide a measure(s) of the program's impact. Not applicable.		
2d.	Provide a measure(s) of the program's efficiency. Not applicable.

Public Health / Negative Economic Impact	<u> </u>
DMH - Timekeeping System	

The Department of Mental Health will implement an electronic personnel timekeeping system reducing personnel management burden for staff.

1b. What does this program do?

The Department of Mental Health's (DMH) state-operated programs employ over 5,800 employees, with nearly two-thirds being direct service professionals who provide around-the-clock care in state-owned settings for individuals with developmental disabilities and mental illness. DMH plans to implement a new timekeeping and scheduling system which provides accurate records of time worked by employees and provide for SMS and other electronic alerts to staff of shifts needing to be filled, and improve staffing coordination.

The timekeeping system will help track time and attendance for staff who work in on-campus settings as well as staff who work in state-operated waiver programs in the community.

2a. Provide an activity measure(s) for the program.

The number of employees for which time is tracked in the timekeeping platform.

2b. Provide a measure(s) of the program's quality.

The system will ensure accuracy of data collected through real-time technology, thereby reducing risk of error and fraudulent reporting.

2c. Provide a measure(s) of the program's impact.

A single timekeeping platform will provide real-time tracking and reporting of employee time and attendance, assist with employee scheduling, and identify staffing patterns and trends that may have an impact on workforce policies.

2d. Provide a measure(s) of the program's efficiency.

Use of a standard electronic timekeeping system in DMH state-owned settings will create efficiencies in workforce management by significantly reducing manual processes that lead to error and lag time in processing and reporting.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.176
Public Health / Negative Economic Impact		
DMH - Housing for HIV/AIDS		

Funding to assist Doorways with improving access to housing services by renovating their St. Louis City Cooper House facility, which is licensed through the Department of Mental Health (DMH) and the Department of Health and Senior Services (DHSS). Individuals with human immunodeficiency virus (HIV) are considered a priority population within DMH substance treatment programs.

1b. What does this program do?

Doorways, an interfaith nonprofit organization headquartered in the City of St. Louis, provides housing and related supportive services to improve quality of life and health outcomes for individuals and families affected by HIV/acquired immunodeficiency syndrome (AIDS). The organization accepts patients from across the state who require specialized care to treat their HIV/AIDS diagnosis. The program operates 24 hours a day, serving people unable to live independently due to advanced physical deterioration, development disabilities, or mental health concerns. Doorways' mission is to support persons affected by HIV by providing them with the support and resources needed to return to society as productive members of the community. The building was erected in 1895 and last renovated in the mid-1990s. It is due for major updates to improve accessibility and longevity, including the installation of a new elevator, roof, windows and flooring.

2a. Provide an activity measure(s) for the program.

There will be continued progress on pre-construction activities that will be tracked. Contractor will provide progress updates that include percentage completion. The contractor shall provide the state agency a monthly summary of expenditures and progress made towards the Capital Improvement project.

2b. Provide a measure(s) of the program's quality.

DMH will use reputable companies for pre-development and pre-construction costs.

2c. Provide a measure(s) of the program's impact.

Contractor will report on progress of the installation of a new elevator, roof, windows, flooring, etc. and how the progress has contributed to quality of living for individuals with HIV receiving housing services.

2d. Provide a measure(s) of the program's efficiency.

The contractor shall track and report proof of local match dollars contributed to the project.

Public Health / Negative Economic Impact		
DMH - Bed Registry System		

The Department of Mental Health (DMH) is implementing a system to provide efficiencies for crisis response teams and provide new data sources to analyze and develop a more robust continuum of care for the state.

1b. What does this program do?

DMH is implementing a best practice tool necessary to ensure the crisis system is able to function in a coordinated, efficient, and successful manner. DMH purchased software maintenance and support needed for a bed registry system (referred to as MOConnect) that identifies, unifies, and tracks all substance use disorder (SUD) and mental health inpatient and outpatient treatment resources in a single shared network. This effort is still in the implementation phase, but it will improve access to behavioral health assessment and treatment services following crisis situations. It will offer a provider-facing and public-facing system which will provide law enforcement, hospitals, state departments, behavioral health providers, families, patient advocacy groups, and other stakeholders with comprehensive real-time referral and resource information to help anyone experiencing a crisis. MOConnect, when fully implemented, will replace manual tracking and individual outreach for bed inquiries and will provide decision support; bed and outpatient appointment availability; availability of social service resources; a secure two-way platform for digital provider communication; data collection and analysis; and will save significant time and money in accessibility for the most appropriate setting. This system is being used to support the new 988 crisis response system by providing access to a mobile crisis response dispatch module, as well as the Behavioral Health Crisis Centers (BHCCs) (formerly referred to as Crisis Stabilization Centers).

2a. Provide an activity measure(s) for the program.

MOConnect has two modules - a crisis module and a referral module. Deployment of the crisis module began in September 2022, and community behavioral health providers were incrementally added as staff completed orientation and training. As of September 2023, all 12 crisis call centers providers are utilizing the crisis module in MOConnect. Since September 2022, there have been 2,574 calls received and 2,073 dispatches of mobile crisis response through the crisis module. A pilot project began in June 2023 with the Missouri Department of Corrections for the referral module, and there have been 33 referrals made as of September 2023. Regional deployment of the referral module is planned for the fall of 2023.

2b. Provide a measure(s) of the program's quality.

This software will allow for the tracking of bed utilization rates across behavioral health crisis centers and admission to substance use/mental health inpatient and outpatient programs.

2c. Provide a measure(s) of the program's impact.

The software will allow for tracking treatment admission rates and/or crisis bed admissions for providers using the software to make referrals.

	PROGRAM DESC	RIPTION	
American Rescue Plan Act		AB Section(s):	20.180
Public Health / Negative Economic Impact		(, _	
DMH - Bed Registry System			

2d. Provide a measure(s) of the program's efficiency.

Crisis Module: number of call centers, number of mobile crisis response staff available for dispatch, number of calls received, number of intakes completed, number of dispatches of mobile crisis response, response time, number of follow-ups conducted. Referral Module: number of agencies making referrals, number of agencies receiving referrals, response time for notification if referral was accepted or rejected, number of accepted/rejected referrals, number and types of services/beds available, number of individuals who show/no-showed for appointments.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Public Health / Negative Economic Impact		
DMH - Community Provider Capital Improvements		

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.

1b. What does this program do?

This funding will support an expanding need for increased capacity within the behavioral health system. These one-time funds will be used to support the development, improvement, renovation, and/or new construction for buildings operated by community behavioral health treatment providers and Federally Qualified Health Centers (FQHCs), both of which are the safety net for Missourians in need. These dollars will also be used to improve electronic medical records to help manage personal health information and improve efficiencies. Some providers are using these dollars to focus more on the expansion of crisis capacity, while others are focusing on addressing homelessness that is often associated with mental illness and substance use disorders. Nearly all capital improvement projects will directly or indirectly improve access to care, as well as expand the type of services available with the intention of increasing the use of evidence-based practices.

2a. Provide an activity measure(s) for the program.

Many of the capital improvement projects will increase capacity of certain services or improve access. For these types of items, DMH expects to see an increase in the numbers served after the completion of the capital improvements. Completion of the project and disbursement of funds will occur by December 31, 2026 as required per federal grant guidelines.

2b. Provide a measure(s) of the program's quality.

Capital improvement projects will be completed and meet all planned specifications.

2c. Provide a measure(s) of the program's impact.

Additional capacity at multiple locations in Missouri and expanded services at FQHC locations will serve more Missourians.

2d. Provide a measure(s) of the program's efficiency.

Capital improvement will be completed. Improved access will decrease travel time and wait time for Missourians receiving behavioral health and FQHC services.

DMH - People's Health Center	-	

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.

1b. What does this program do?

This item provides funding for the repair and renovation of the Betty Jean Kerr People's Health Center (BJK PHC) in St. Louis County, improving the health and quality of life for all patients.

This item will allow BJK PHC, a Federally Qualified Health Center (FQHC), to create a high priority children safety infrastructure that will significantly improve St. Louis metropolitan area children and families safe and secure access to primary and mental health care.

Currently, more than 20,000 St. Louis City and County area residents visit the BJK PHC Delmar Health Campus to receive primary care, pediatric mental health, and socio-economic support services annually.

2a. Provide an activity measure(s) for the program.

Security enhancements will be put in place on the property to ensure safe and secure access to primary and mental health care for St. Louis metropolitan area children and families. Completion of the project and disbursement of funds will occur by December 31, 2026 as required per federal grant guidelines.

2b. Provide a measure(s) of the program's quality.

This will improve and increase the safety of residents allowing individuals to feel more secure in seeking services.

2c. Provide a measure(s) of the program's impact.

Improve and increase the safety of St. Louis City residents and their children by improving the infrastructure need to support a new children's and supportive services center. This will increase the overall security and safety infrastructure for patients and clients who frequent primary care, mental health, and economic support services through a host of PHC buildings on Delmar Blvd in St. Louis, which reside in the fourth District.

2d. Provide a measure(s) of the program's efficiency.

This will improve the health and quality of life for the patients of People's Health Center to allow safe and secure access of care. Project will be completed within budget.

Public Health / Negative Economic Impact		
DHSS - Aid to Local Public Health Services		

Public Health System Building, Emerging Public Health Threats Preparedness, and Whole Person Health Access.

1b. What does this program do?

The Department of Health and Senior Services (DHSS), Center for Local Public Health administers participation agreements with 115 local health agencies to ensure public health services are available in every county in Missouri. The presence of public health services at the local level is essential for protecting health and keeping people safe. The local health agencies are a vital partner in providing statewide services including, but not limited to, communicable disease surveillance and outbreak response, environmental surveillance (retail food, lodging, on-site sewage, childcare sanitation), immunizations, infectious disease testing and referral to care, chronic disease prevention and control education, public health emergency preparedness and response, and vital record issuance. The local health agencies have also been solely responsible for numerous areas of COVID-19 response, including but not limited to, enforcement of statewide and local orders, case investigation, and contact tracing.

The funding administered through the participation agreements is not mandated for specific activities, but rather it allows local health agencies to utilize funding as needed within their own budget to deliver public health services in cooperation with DHSS. While DHSS is available for technical assistance and may lead activities in some program areas, public health services statewide would not be available without the existence of local public health agencies. State funding constitutes a different percentage of each local health department's total budget, but overall, public health in Missouri remains underfunded and funding is necessary to maintain local delivery of these services. The federal funding (50 percent of the total in FY 2023) distributed through these core participation agreements is the result of federal match received on expenditures reported by locals for specific unreimbursed services they have delivered to children age 0 through 19 (Children's Health Insurance Program Health Services Initiative (CHIP H.S.I.). DHSS staff provide technical assistance regarding CHIP H.S.I. claiming, and collect and aggregate the expenditure data for all 115 agencies for quarterly submission to the Center for Medicare and Medicaid Services (through collaboration with Department of Social Services) in order to receive this match. The American Rescue Plan Act (ARPA) funding was appropriated for FY 2023 to supplement the core participation agreement for since the CHIP H.S.I. expenditures have dropped due to COVID-19. Besides funding support, the Center for Local Public Health staff provide a collaborative approach to quality services by holding orientations and trainings for new administrators and boards of health, connecting locals with staff throughout DHSS for specific programmatic technical assistance, and connecting locals with resources and programs through statewide and regional meetings offered throughout the year.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.205	_
Public Health / Negative Economic Impact		
DSS - Rural Citizens Access to Telehealth	-	

Best in class Medicaid program.

1b. What does this program do?

This program provides a unique opportunity for rural Medicaid providers to expand or implement telemedicine services. Participants will benefit from the program by utilizing telemedicine and, when appropriate, provider equipment to conduct telemedicine services and reduce the overall cost of their health care. Missouri Medicaid households in rural counties have a travel time to the nearest hospital ranging from 45 to 75 minutes. These participants do not have access to health care services through telemedicine nor the financial means or technological experience to access services via telemedicine. Many providers, especially those serving rural communities with low volumes of patients, face high up-front cost which are barriers to implementing telemedicine in their practices. Telemedicine is widely viewed as a potential way to close gaps in access to care experienced by many rural Americans; thus a goal of this project is to demonstrate that a systematic approach can reduce rural/urban health disparities. Additionally, the National Institutes of Health reported that telehealth cost are \$335/patient per year versus \$585/patient per year for routing care.

2a. Provide an activity measure(s) for the program.

NOTE: The RCAT application process was delayed in SFY2023 due to procurement barriers. However, once those barriers were resolved, applications began to come in. It has been difficult obtaining provider interest in this program post-COVID due to their desire to go back to in-person patient visits. We have found unique ways to promote RCAT, primarily in the school setting and maternal/infant health category, and educate providers on the value telemedicine provides to hard to reach patients and reduce no-show rates. In SFY2025, we have seen a much higher interest and we hope that continues through the end of the application period on December 31, 2024.

Maternal Care	5	۷
Grand Total	25	ir

RCAT has provided many opportunities for rural Medicaid providers to introduce or enhance their telemedicine capabilities. The 20 projects that have been approved to-date cover many vital areas of care that are currently lacking in rural Missouri.

Services such as bringing telemedicine into the school setting provide an opportunity not only for children to receive services without a loss of learning but it also provides parents the ability to have healthcare needs met without missing work and losing income.

RCAT has also awarded funding for projects bringing telemedicine into dental care, behavioral health, and maternal health, just to name a few. These are all areas of care that Medicaid participants struggle to obtain in rural Missouri. With the help of RCAT, these rural providers will now be able to provide those services through telemedicine and improve health outcomes.

2c. Provide a measure(s) of the program's impact.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.205
Public Health / Negative Economic Impact		
DSS - Rural Citizens Access to Telehealth		

NOTE: Since the launch of RCAT we have successfully awarded funding totaling \$10,831,837.35 through SFY2027. MO HealthNet anticipates being able to award a few more rural Medicaid providers with funding before the application process closes on December 31, 2024. Total funding is projected to exceed \$13M when the program ends on December 31, 2026. This funding will significantly impact the ability for Missouri rural providers to introduce or enhance their telemedicine capabilities and improve Medicaid participants ability to receive health care services. This project requires the awardees to produce invoices for reimbursement which is why this chart will not match the program expenditure history below. This chart depicts what has been obligated for RCAT projects.

2d. Provide a measure(s) of the program's efficiency.

Due to the delayed begin date of RCAT projects, data detailing the efficiency of the program is not available at this time. MO HealthNet anticipants that telemedicine claims will increase in the next year and allow for a complete analysis to determine the rate in which services have increased.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.216
Public Health / Negative Economic Impact	
DHEWD - UM - Thompson Autism Center	

Outreach

1b. What does this program do?

Construct a new facility in Columbia, Missouri to comprehensively house all aspects of the Thompson Center under one roof including clinical diagnostic and intervention services, translational research, and training initiatives. Goals for the new facility include expanding access to appointments with additional clinic space to accommodate more clinicians, development of new types of spaces for observation to enhance research opportunities, and provide integrated training space in the facility that will serve both internal providers and others involved in the specialties of serving individuals, families, and communities.

2a. Provide an activity measure(s) for the program.

The number of patients served and research performed with the Thompson Center.

2b. Provide a measure(s) of the program's quality.

To expand the clinical service specialties, the Thompson Center will both recruit and train clinical professionals. The Center currently provides training for various clinical disciplines. From psychology to ABA, and medical residents to speech/language pathology students, the Center's training capabilities will help to meet needs. Also, in 2022, the Center will launch its own Developmental Behavioral Pediatrician Fellowship Program. This robust training program will serve as a pipeline for an important component of the Center's medical staff needs in the future. With more space, more providers can be recruited and the Thompson Center's program can grow.

2c. Provide a measure(s) of the program's impact.

Meeting a critical need for Missouri's Autism community. 1 in 54 children are born with autism. That means more than 113,000 Missourians with autism stand to benefit from the Thompson Center's services. Additionally, 1 in 6 US children has a developmental disability or delay. To meet the growing demand for services, the Thompson Center has increased its capacity by renovating existing buildings. Since 2008, Thompson Center clinicians have increased the number of autism diagnostic evaluations by more than 75% to over 880 evaluations a year.

Additionally, since 2013, Thompson Center providers from all 14 clinical subspecialties have increased total patient visits by 80% to more than 14,600 visits annually. While there has been a significant expansion in clinical services provided, the demand far exceeds the Thompson Center's current capacity. Growth at the current Thompson Center facility is limited by size; therefore, a future physical facility is necessary to meet the growing needs of those impacted by autism and other neurodevelopmental disorders.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.216
Public Health / Negative Economic Impact	
DHEWD - UM - Thompson Autism Center	

2d. Provide a measure(s) of the program's efficiency.

More than 1,100 children are waiting to receive a diagnostic evaluation at the Thompson Center, including 900 who are waiting for an autism specific evaluation. To address this serious delay, the Thompson Center plans to add pediatricians, psychologists, therapists, and psychology technicians. The additional space will help address some of the demand issues.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

PROGRA	M DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.217
Public Health / Negative Economic Impact	
DMH - Johnson County Recovery Lighthouse	

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.

1b. What does this program do?

This item provides funding for repair and renovation for the Recovery Lighthouse, Inc. in Johnson County that provides transitional living and supportive housing for individuals in recovery from alcohol and drugs.

Recovery Lighthouse has provided an array of recovery support services for those with substance use disorders in Johnson County. The agency continues to provide individual, family and group counseling; recovery support services; transitional safe housing with supportive services for men and women; job readiness assistance; and targeted groups on relapse prevention. Recovery Lighthouse also provides assistance with basic needs such as clothes; food; hygiene items; kitchen items and other household items; assist clients with other needs such as obtaining IDs; birth certificates; applying for eligible public assistance; vocational rehabilitation; find and maintain employment; and other related services.

2a. Provide an activity measure(s) for the program.

Two Recovery Houses are purchased.

2b. Provide a measure(s) of the program's quality.

Recovery Houses are safe and renovated. The recovery homes meet the requirements for the National Alliance for Recovery Residences (NARR) and are accredited by the NARR affiliate the Missouri Coalition of Recovery Support Providers.

2c. Provide a measure(s) of the program's impact.

Recovery Lighthouse will be able to expand services to more individuals.

2d. Provide a measure(s) of the program's efficiency.

Recovery Lighthouse increases accessibility to safe and decent transitional housing.

PROGRAI	M DESCRIPTION
American Rescue Plan Act	AB Section(s): <u>20.219</u>
DESE - Special Olympics	

Family & Community Engagement

1b. What does this program do?

Special Olympics Missouri (SOMO) has a strategic plan with three outcome goals, including increase participation, become the charity of choice in Research indicates participation in Special Olympics increases self-esteem, self-confidence, improved health and increased family engagement. SOMO builds confidence in those with intellectual disabilities through sports.

Special Olympics plays a significant role in addressing and combating discrimination against individuals with disabilities through various means:

- 1. **Promoting Inclusion**: By providing sports opportunities for people with intellectual disabilities, the Special Olympics fosters inclusion and acceptance. Athletes from all backgrounds compete on equal footing, which helps to break down stereotypes and prejudice.
- 2. **Raising Awareness**: The organization conducts global campaigns and educational programs that highlight the capabilities and potential of people with disabilities. This helps to challenge and change negative perceptions.
- 3. **Advocacy**: The Special Olympics actively advocates for the rights of individuals with disabilities. This includes pushing for policy changes, raising public awareness about the needs and rights of people with disabilities, and promoting access to sports and other opportunities.
- 4. **Building Community**: By organizing events and competitions, the Special Olympics creates a supportive community where athletes, families, and volunteers can engage with and learn from one another. This fosters a culture of respect and understanding.
- 5. **Educational Programs**: The Special Olympics also runs programs designed to educate the public, including schools and communities, about disability issues. These programs aim to build empathy, reduce stigma, and encourage more inclusive behavior.
- 6. **Leadership and Role Models**: Athletes who participate in the Special Olympics often become role models and advocates for change. Their achievements and stories help to shift perceptions and inspire others.

Through these means, we are able to create a more inclusive world by challenging discriminatory attitudes and practices, and by celebrating the abilities

With sports as the foundation, Special Olympics Unified Champion Schools offer programs and activities that equip young people with the tools and training to create inclusive experiences. These sports, classroom, and community experiences are proven to improve attitudes and behaviors among all

Research shows that Special Olympics Unified Champion Schools make a difference on campuses across Missouri:

- 99% of schools reported a more inclusive environment for all students
- 98% of schools reported increasing opportunities for students to work together
- 96% reported a reduction in bullying, teasing, or use of offensive language
- 97% reported increased confidence in students without intellectual disabilities
- 87% reported an increase in attendance rates
- 82% reported a reduction in disciplinary referrals for students without intellectual disabilities

Partnership with Missouri State High School Activities Association (MSHSAA) to offer sanctioned unified championships in Unified Track and Field plans are underway. Currently, 44 of the 50 states have a partnership with Special Olympics and their state activities association. Unfortunately, Missouri is one of the six states that does not have this partnership but plans are in place to make this happen including a meeting with MSHSAA.

PROGRAM DESCRIPTION				
American Rescue Plan Act	AB Section(s):			
DESE - Special Olympics				

The Missouri Department of Education has endorsed the Special Olympics Unified Physical Education curriculum to be offered to all schools grades K-12. "Unified Physical Education is designed for students with and without disabilities to engage in learning and activities related to physical education. The course is structured around Missouri Physical Education standards and grade-level outcomes. Course objectives include gaining the knowledge and skills necessary to maintain levels of physical fitness. Additionally, the course supports the development of leadership skills for all students and the empowerment of students to foster an inclusive, school-wide environment."

DESE - Missouri Quality Pre-Kindergarten							
1a. What strategic priority does this program address?							
Early Learning & Early Literacy							
1b. What does this program do?							
instruction provided in the state foundation formula, and increas education programs to serve students, or contract to serve students a quality program consistent with Section 161.213, RSMo. Reim	n Agency Grant program is designed to expand the funding for prekindergarten e access for low-income families. Funds are available for prekindergarten ents, in the year prior to kindergarten eligibility (e.g., age 4 as of July 31, 2023) in abursements cannot exceed the product of the state adequacy target (\$6,375) as defined in Section 163.011, RSMo., with priority given to students at or below price lunch eligible).						
2a. Provide an activity measure(s) for the program.							
In FY 2024, DESE collected the number of children served in a	MOQPK Local Education Agency program.						
2b. Provide a measure(s) of the program's quality.							
In FY 2024, DESE collected the number of school districts partic quality according to the Quality Assurance Report.	cipating in a MOQPK Local Education Agency program who are demonstrating						
2c. Provide a measure(s) of the program's impact.							
In FY 2024, DESE will collected the number of children at or bel Education Agency program.	ow the 185 percent federal poverty level who are enrolled in a MOQPK Local						

PROGRAM DESCRIPTION

American Rescue Plan Act HB Section(s): 20.223

DESE - Missouri Quality Pre-Kindergarten

2d. Provide a measure(s) of the program's efficiency.

In FY 2024, DESE collected the number of school districts participating in a MOQPK Local Education Agency program with a full day program.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

House Bill 20, Section 20.223

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION	
American Rescue Plan Act DPS - Boone County Childcare facility at Regional Training Facility	AB Section(s):20.224
1a. What strategic priority does this program address? N/A	
1b. What does this program do? For the construction and/or renovation of a childcare facility specializing in children of	public safety workers in Boone County, Missouri.
Provide an activity measure(s) for the program. Measures will be developed upon implementation.	
2b. Provide a measure(s) of the program's quality. Measures will be developed upon implementation.	
2c. Provide a measure(s) of the program's impact. Measures will be developed upon implementation.	

American Rescue Plan Act AB Section(s): 20.224

DPS - Boone County Childcare facility at Regional Training Facility

2d. Provide a measure(s) of the program's efficiency.

Measures will be developed upon implementation.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

N/A

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM I	DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.300
Broadband, Water/Wastewater Infrastructure	·
MODOT - Waste Water Treatment Facilities	

Stability - managing our assets, stabilizing resources, engaging our workforce, and building a prosperous economy for all Missourians

1b. What does this program do?

MoDOT has 16 sites with aging septic systems that have lateral fields nearing the end of their useful life and some are starting to show signs of failure. This funding allows a connection to municipal sewer systems that are more reliable. Connecting facilities to a municipal sewer system gives MoDOT the option to add truck wash buildings on maintenance sites to clean fleet after winter operations, which extends the life of MoDOT fleet.

2a. Provide an activity measure(s) for the program.

MoDOT currently maintains 1,178 facilities at 206 locations. A facility refers to an individual building within a location and includes storage buildings. The fiscal year 2025 and 2026 projections are based on planned capital improvement projects from MoDOT's facilities system.

American Rescue Plan Act AB Section(s): 20.300

Broadband, Water/Wastewater Infrastructure

MODOT - Waste Water Treatment Facilities

2b. Provide a measure(s) of the program's quality.

Data is collected through biennial survey conducted by a consultant. For 2023, the survey was offered through texts sent to randomly selected adult Missourians in each county to obtain a diverse sample across Missouri. Approximately 5,000 completed responses were obtained. The question surveyed was, "How satisfied are you with the job the Missouri Department of Transportation is doing?" The benchmark data is from the American Customer Satisfaction Index, a national cross-industry measure of customer satisfaction in the United States. The 2025 projection is equal to the 2023 benchmark score of 86 percent. The 2027 projection was established by projecting a three percent improvement from the benchmark. No survey was conducted in calendar years 2018, 2020, 2022 and 2024.

2c. Provide a measure(s) of the program's impact.

There are 206 identified sites in need of a sewer connection, but MoDOT currently only has connections at 149 of them. The 2025 and 2026 projections are based on the expected project schedule.

PROGRAM DESCRIPTION AB Section(s): 20.300

Broadband, Water/Wastewater Infrastructure

MODOT - Waste Water Treatment Facilities

2d. Provide an efficiency measure.

American Rescue Plan Act

This measure compares the estimated programmed cost to the final project cost. The target is zero percent difference, indicating MoDOT is making timely use of available funds.

This measure tracks the number of projects finished by the completion deadline as specified in the contract.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.300
Broadband, Water/Wastewater Infrastructure	
MODOT - Waste Water Treatment Facilities	

- 4. What are the sources of the "Other " funds? N/A.
- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 Appropriation Bill 3020 (FY23), Section 20.300, expenditure of ARPA funds.
- 6. Are there federal matching requirements? If yes, please explain. No.
- 7. Is this a federally mandated program? If yes, please explain.
 No.

American Rescue Plan Act	AB Section(s):	20.310
Broadband, Water/Wastewater Infrastructure and Public Health/Negative Economic Impact		
MDA - State Fair Improvements		

1a. What strategic priority does this program address?

- Reach more spectators at the Missouri State Fairgrounds
- Staging for critical events (pandemic, tornado, animal health emergency, etc.)
- To promote Missouri Agriculture
- To encourage youth participation in agriculture activities
- Other potential uses for arena include off-season events (horse shows, livestock shows),
- Empower more producers and businesses to showcase Missouri agriculture.
- Each funded project represents a critical improvement or plan that helps ensure that Missouri citizens maintain a continued safe supply of drinking water, and public health and the environment are protected from point and nonpoint source water pollution.

1b. What does this program do?

- Construct a state-of-the-art arena with a minimum floor area of 150' x 250' for use during the 11-day annual Missouri State Fair with multi-use capabilities for events held outside of the fair schedule (national equine events, cattle shows, rodeo, bull riding events, RV Rallies, trade shows, etc.). The arena will have covered seating for a minimum of 5,000 spectators, enclosed suites, office space, and public and private restrooms. This program includes all mechanical, electrical, plumbing, ADA, NFPA, interior/exterior finishes, and parking equipment.
- This request also includes funding to improve the existing storm water and waste water lateral system to reduce peak flow rates during heavy storms, as recommended from a study performed as part of a previous project (study was delivered June, 2016).

2a. Provide an activity measure(s) for the program.

- This program is designed to showcase and inspire the best in Missouri agriculture, agri-business, domestic arts, and fine arts through competition and educational experiences consistent with the first Missouri State Fair held in 1901.
- To offer quality entertainment.
- To reaffirm and familiarize the state's population with agriculture, as more people relocate to urban and suburban areas.
- To blend agriculture, education, value, and top-name entertainment at an affordable price.
- For the water/waste water improvements, activity measures will include the number of stormwater construction projects funded and completed.

2b. Provide a measure(s) of the program's quality.

Investment in critical infrastructure is a particularly well suited use of ARPA funds because it is a non-recurring expenditure that can be targeted to strategically important long-term assets that provide benefits over many years. The arena can be used in the event of animal health emergencies such as disease outbreak, agri-terrorism, or stop-movement.

The water/waste water improvements are necessary to address issues identified through the storm water study. Measures include: identifying the location of the existing stormwater systems, evaluating the effectiveness of prior projects, investigating the existing conditions and sizes of these systems, and determining the appropriate actions for the repairs and upgrades to the systems. This will include detailed drawings of existing sewer/storm systems, as well as estimated probable design and construction costs.

American Rescue Plan Act

Broadband, Water/Wastewater Infrastructure and Public Health/Negative Economic Impact

AB Section(s): 20.310

MDA - State Fair Improvements

2c. Provide a measure(s) of the program's impact (continued).

2d. Provide a measure(s) of the program's efficiency.

This request is to construct a 300 x 400 ft. covered arena to safely accommodate large national and regional events. This includes the demolition of the existing arena and bleachers and design/construction of the new covered arena. The covered arena will include bleachers and seating for 3,000-5,000 spectators, concessions, restrooms, and office space, along with all electrical, lighting, ventilation, and plumbing expenses. A facility of this scope would make the MO State Fair grounds an attractive host of large regional events, such as the Missouri High School Rodeo Finals (MHSR HS), Missouri Junior High Rodeo Finals (MHSR JH), and RV Festivals. This facility would also accommodate national events, such as the National High School Finals Rodeo (NHSFR) and National Junior High Finals Rodeo (NJHFR). Large off-season events would have a significant regional economic benefit and also support MSF operations.

Storm Water Study: Identify the location of existing storm water systems and determine the appropriate actions for the necessary repairs or upgrades to the system. Include detailed drawings of existing sewer/storm systems, estimated probable design, and construction costs.

Wastewater Collection System: Eliminate multiple direct discharge downspouts, fit the wash racks with a proper gutter system, ensure existing sanitary sewer lines are properly connected, and ensure all storm water lines are connected to the storm water system. Identify additional sources of inflow and infiltration and plan corrective actions for those items.

Storm Sewer System Improvements: Replace all lateral connections from the older buildings to the new sewer mains to ensure the only water entering the sanitary sewer system is from sanitary sewer laterals. Replace the sanitary sewer network in the Carnival Midway area and along Maple Street. Properly cap or abandon floor drains where the floor slabs from previously demolished buildings remain. Install gutters and downspouts on all wash racks and regrade the areas around the wash racks to prevent surface water from entering the system.

20.310

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds? N/A.

- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 HB 3020, Section 20.310 (2022): American Rescue Plan Act (2021) State and Local Fiscal Recovery Funds
- 6. Are there federal matching requirements? If yes, please explain.
 No.
- 7. Is this a federally mandated program? If yes, please explain.

American Rescue Plan Act	AB Section(s):20.311
State Services	
MDA - Grants for Urban Agriculture	

1a. What strategic priority does this program address?

Reach more producers and connect more consumers to resources.

1b. What does this program do?

The Urban Agriculture Matching Grant Program, awards grants for reimbursement of expenses associated with urban agriculture. The Urban Agriculture grant encompasses projects that may include introducing a new crop or product to an area, or expanding the use of or adding value to agricultural products. This is a competitive grant program and funds may be used to:

Develop small agribusinesses in urbanized areas

Develop production infrastructure, direct distribution venues and workforce development

Provide training and develop skills for agricultural business sustainability

The application period for this grant program closed September 15, 2022. The Department received 13 applications, which were scored and reviewed. In total, six projects received funding for urban agriculture. Scoring criteria favored applicants who demonstrated one of above listed areas of development or training related to urban agriculture. Funds were awarded on October 7, 2022. Funds were all expended in FY2023

2a. Provide an activity measure(s) for the program.

Activity measure for funding will include the number of completed projects, verified by inspection, and the amount of funds utilized. Three grantees, University of Central Missouri, Springfield Community Gardens, and Sankara Farm, received grants and completed final inspections, spending a total of \$50,000

2b. Provide a measure(s) of the program's quality.

Each funded project is required to submit a report, detailing activities and project goals completed at the end of the grant period, as well as a one-year follow up report. All three grantees completed the grants and end-of-grant reports. One year follow-up reports were requested on April 3, 2024, but only one has been received from Springfield Community Gardens as of December 2024.

2c. Provide a measure(s) of the program's impact (continued).

Program impact will be measured by the number of people served by projects and metrics for results. Each individual project impact varies depending on type and location.

University of Central Missouri utilized \$19,627.20 and served 740 people.

Springfield Community Gardens utilized \$19,971.26 and served 7,000 people.

Sankara Farm utilized \$10,401.54 and served 175 people.

2d. Provide a measure(s) of the program's efficiency.

Program efficiency for funding is based on the pace of grant awards, which were completed October 7, 2022, and the pace of disbursements by June 15, 2023. Three grants were completed and one-year reports were requested on April 3, 2024.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.313
MDA - State Fair Improvements - Comfort Station	

Construct a comfort station adjacent to the Directors Pavilion.

1b. What does this program do?

The new structure will service the recently built 20,000 sq. ft. Director's Pavilion that hosts the annual Governor's ham breakfast and many other events during the annual fair. The facility will also host many off season events throughout the year.

2a. Provide an activity measure(s) for the program.

Construction of restrooms will provide easier access for attendees of events within the facility.

2b. Provide a measure(s) of the program's quality.

Having a full service ADA restroom will increase the number of people able to use the existing pavilion.

2c. Provide a measure(s) of the program's impact.

This will allow any user of the pavilion to have access to restrooms and will eliminate the need for renting porta potty's for every event.

2d. Provide a measure(s) of the program's efficiency.

This improves the quality of the Directors Pavilion making it a full service facility.

No.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.314
MDA - State Fair Improvements - Maintenance Building	

Replacement of the current maintenance buildings which are in poor condition and are not centrally located.

1b. What does this program do?

Construction of a new maintenance building in a more centralized location. A new building would replace six current smaller buildings which are used to house maintenance staff from five departments and would alleviate the need for maintenance and upkeep on the old structures. The new building would house 12 full time staff and up to 40 seasonal staff members. The building would include a shop area for electrical, plumbing, carpentry, paint, and three mechanic bays. Each shop area would include a small office space and a centralized restroom.

2a. Provide an activity measure(s) for the program.

- Ability to work on more repairs and maintenance projects at a time
- Increase turnaround time

2b. Provide a measure(s) of the program's quality.

Investment in critical infrastructure is a particularly well suited use of ARPA funds, because it is a non-recurring expenditure that can be targeted to strategically important long-term assets that provide benefits over many years.

2c. Provide a measure(s) of the program's impact.

Allow staff to focus on repairs and maintenance projects that will be completed more timely. It will also free up space for other projects by consolidating multiple shops.

2d. Provide a measure(s) of the program's efficiency.

Increase in the available time to work on actual projects instead of spending time on the structural issues with the current buildings.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):20.314
MDA - State Fair Improvements - Maintenance Building	-

Note: These funds were appropriated in FY24 so there is no historical expenditure history

4. What are the sources of the "Other " funds? N/A.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.) HB 3020, Section 20.314 (2024): Budget Stabilization Fund.

MDA - Maries County Fairground Upgrades

1a. What strategic priority does this program address?

To promote agriculture in Maries County and surrounding areas.

1b. What does this program do?

The Maries County Fair Board is committed to producing and exploring ways in which the Fairgrounds can serve educational, agricultural, and entertainment needs of our community through events.

This program is designed to showcase and inspire the next generation of quality of life in Rural Missouri through competition, educational experiences and bringing headliner entertainers to Maries county in one of the oldest fairs in the Midwest.

2a. Provide an activity measure(s) for the program.

The past and forecasted total attendance is based on the sum of season pass revenue and nightly gate revenue divided by season pass rate. The impact is based on number of people directly connected to through attendance.

American Rescue Plan Act AB Section(s): 20.317

MDA - Maries County Fairground Upgrades

2b. Provide a measure(s) of the program's quality.

An indirect measurement of quality of program is assessed with the year over year positive growth on attendance.

2c. Provide a measure(s) of the program's impact.

The past and forecasted total attendance is based on the sum of season pass revenue and nightly gate revenue divided by season pass rate. The impact is based on number of people directly connected to through attendance.

American Rescue Plan Act AB Section(s): 20.317

MDA - Maries County Fairground Upgrades

2d. Provide a measure(s) of the program's efficiency.

The efficiency is measured by a ratio of the annual profit (put into reserves for foundation support) of the Fair Association over the attendance.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.325
Broadband, Water/Wastewater Infrastructure	-
DNR - Water Infrastructure & Lead Service-Lines	

The Financial Assistance Center (FAC) and Water Protection Program help Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:

- Promoting environmental responsibility and resource stewardship.
- Enhancing services, information, and communication to improve customer experience.
- Modernizing community infrastructure, strengthening workforce, and supporting economic development.
- Improving internal processes to better serve our customers.

1b. What does this program do?

Drinking water, wastewater, and stormwater infrastructure projects in Missouri are largely underfunded, but are critical to protecting Missouri's water supply. The estimated need to repair and upgrade drinking water and wastewater infrastructure in Missouri is over \$20 billion. This estimate does not include the ongoing and increasing needs of municipal stormwater infrastructure. Likewise, it is difficult to estimate the current need for lead service-line replacement projects associated with upcoming changes in federal public drinking water regulations.

The American Rescue Plan Act (ARPA) provides federal funds to state, local, and tribal governments that may be used to make necessary investments in water and sewer infrastructure. Some local governments intend to use their local allocation to build water, wastewater, or stormwater improvements, while others have water funding needs that far exceed the amount of ARPA grant funds they were directly allocated. A summary of the grant programs is shown in the table below. Operating appropriations will be utilized to develop and manage the grant programs as well as provide the capacity necessary to process the influx of construction and operating permit applications for both the state-funded ARPA grants and projects funded with local ARPA funding allocations.

The application period for these grant programs closed July 14, 2022. The department received approximately 1,000 applications. Scoring criteria favors applicants who can demonstrate financial need, propose projects that are necessary for compliance and public health protection, and provide matched local funds (preferably from their local ARPA allocation) to complete the work. After scoring, awards were made beginning in November, 2022.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.325
Broadband, Water/Wastewater Infrastructure	
DNR - Water Infrastructure & Lead Service-Lines	

2a. Provide an activity measure(s) for the program.

Activity measure for pass-through funding will include the number of drinking water, wastewater, and stormwater construction projects funded, and the number of lead service-line inventories completed.

Activity measure for staff issuing permits will include the number of construction and operating permits issued.

2b. Provide a measure(s) of the program's quality.

Each funded project represents a critical improvement or plan that helps ensure that Missouri citizens maintain a continued safe supply of drinking water, and public health and the environment are protected from point and nonpoint water pollution.

2c. Provide a measure(s) of the program's impact.

Program impact for pass-through funding will be measured by the number of people served by projects. Based on similar infrastructure funding programs, the department estimates 54,089 people will be served by every \$10 million spent.

Every dollar spent will generate construction jobs throughout Missouri. According to the Water Environment Federation, 16.5 jobs are created for every million dollars in spending through a similar program, the State Revolving Fund Program.

2d. Provide a measure(s) of the program's efficiency.

Program efficiency for pass through funding is pace of grant awards by December 31, 2024, and pace of disbursements by December 31, 2026.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.325
Broadband, Water/Wastewater Infrastructure		
DNR - Water Infrastructure & Lead Service-Lines	•	

- 4. What are the sources of the "Other " funds?
- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 HB 3020, Section 20.325 (2022): American Rescue Plan Act (2021) State and Local Fiscal Recovery Funds.
- 6. Are there federal matching requirements? If yes, please explain.
 No.
- 7. Is this a federally mandated program? If yes, please explain.

The grant programs are not federally mandated. Grants will fund water infrastructure assessments and improvements that are necessary for permitted drinking water, wastewater, and stormwater systems to maintain compliance with federal Clean Water Act and Safe Drinking Water Act requirements.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):20.326	
Public Health/Negative Economic Impact		
DNR - Water Lead Testing, Filtration & Remediation for Schools	_	

Drinking water improvement.

1b. What does this program do?

Appropriated to the Department of Natural Resources, with support from the Department of Elementary and Secondary Education (DESE) and the Department of Health and Senior Services (DHSS), for the testing, filtration, and remediation of lead in drinking water sources within buildings housing early childhood, elementary, and secondary education programs that receive state funding.

Interagency spending agreements between DNR and DHSS, as well as DNR and OA - FMDC are in place.

This program was appropriated for a specific purpose as authorized under the provisions of House Bill 3020, an Act of the 101st General Assembly, Second Regular Session.

2a. Provide an activity measure(s) for the program.

Completion of the program and disbursement by December 31, 2026 as required per federal grant guidelines.

2b. Provide a measure(s) of the program's quality.

Completion of the program meets all planned specifications.

2c. Provide a measure(s) of the program's impact.

Improvement of drinking water within schools.

2d. Provide a measure(s) of the program's efficiency.

Program is completed within budget.

PR	OGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):	20.330
Broadband, Water/Wastewater Infrastructure		
DNR - State Park Water & Wastewater Infrastructure	<u> </u>	
10 What strategie priority does this program address?		

Missouri State Parks promotes environmental responsibility and resource stewardship and provides family-friendly sustainable state parks, historic sites, and outdoor recreation opportunities.

1b. What does this program do?

Missouri State Parks strives to provide our visitors safe and secure drinking water while looking to reduce operating costs and improve efficiencies. The proposed projects include 19 drinking water projects, including, but not limited to, replacing existing water lines, connecting water systems to public water supply, and replacement of well houses.

As state park visitation continues to grow, there is an increasing demand placed upon park wastewater systems. Continual repair and upgrades will assist in serving the needs of our visitors and particularly our overnight guests. The proposed projects will connect state park wastewater systems to municipal sewers when feasible.

The 42 total projects are designed to improve the effective operation of our Missouri state parks, historic sites, and campgrounds, as well as the overall guest satisfaction for more than 20 million annual visitors and approximately 1.2 million overnight guests.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): _	20.330
Broadband, Water/Wastewater Infrastructure		
DNR - State Park Water & Wastewater Infrastructure	_	

2a. Provide an activity measure(s) for the program.

Activity measure for ARPA funding will include the completion of 19 drinking water and 23 wastewater projects.

2b. Provide a measure(s) of the program's quality.

This project provides improved customer satisfaction by meeting needs of visitors and overnight guests at state parks, historic sites, and campgrounds.

2c. Provide a measure(s) of the program's impact.

Program impact will be measured by the number of completed water and wastewater projects at state parks, historic sites, and campgrounds to improve overall satisfaction for more than 20 million annual visitors and approximately 1.2 million overnight guests.

Additionally, the dollars invested in this project will create jobs for construction, maintenance, and repair projects.

2d. Provide a measure(s) of the program's efficiency.

Program efficiency based on grant awards by December 31, 2024, with all funds dispersed by December 31, 2026.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): _	20.330
Broadband, Water/Wastewater Infrastructure	- -	
DNR - State Park Water & Wastewater Infrastructure	_	

4. What are the sources of the "Other " funds?
N/A

- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 HB 3020, Section 20.881 (2022): American Rescue Plan Act (2021) State and Local Fiscal Recovery Funds.
- 6. Are there federal matching requirements? If yes, please explain.
- 7. Is this a federally mandated program? If yes, please explain.
 No.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.335
State Services	- -	
DNR - Missouri Hydrology Information Center		

The Missouri Geological Survey Division helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:

- Promoting environmental responsibility and resource stewardship.
- Enhancing services, information, and communication to improve customer experience.
- Modernizing community infrastructure, strengthening workforce, and supporting economic development.
- Improving internal processes to better serve our customers.

1b. What does this program do?

Funding will create a Missouri Hydrology Information Center (MoHIC). The MoHIC will engage in flood-related projects, drought mitigation, aquifer characterization, modeling, and prediction to help Missourians understand their flood risk, drought susceptibility, and water supply. The system will be designed to include: real-time stream level gages/data at numerous statewide locations; flood inundation maps showing the extent and depth of predicted flood waters for dozens of Missouri communities; aquifer characterization maps in vulnerable areas where water supply is scarce; weather conditions, including current, past, and future accumulations; soil moisture network/data; and related data resources.

Subprojects include:

- * The collection of remote imagery, which is extremely important in understanding hydrologic parameters to effectively design protections and solutions to water resources challenges.
- * Leaf-off imagery and light detection and ranging (LiDAR) are the predominant methods for 3D and elevation modeling.
- * Additional understanding of water supply in Missouri. A more resilient strategy involving multiple aquifer sources is necessary to ensure future water demands are met in northern Missouri. Detailed maps of aquifer connectivity and shallow geologic structures will infer relationships between structure and groundwater, and identify previously unknown buried channels, and provide characterization of shallow aquifers.

Establishing the MoHIC and collecting the initial information needed to begin providing products for the public is estimated to require an investment of \$10.5 million. The breakdown of that amount for individual elements is predicted to be:

MoHIC establishment/equipment - \$3,000,000

Leaf-Off Imagery - \$1,100,000

LiDAR - \$4,500,000

Water Supply/Aquifer Mapping - \$1,000,000

Professional and administrative staff - \$855,502 (PS and EE)

(continued on following page)

PROGRA	AM DESCRIPTION	
American Rescue Plan Act	AB Section(s):	20.335
State Services		
DNR - Missouri Hydrology Information Center		

1b. What does this program do? (continued)

Missouri's Water Resources Center currently oversees large water resources projects with state and regional implications. Over the past four years, the Center has taken on additional projects to aid Missouri communities facing recurring drought and flood years. The most recent example of this is providing coordination and financial resources for the L-536 levee setback project in Atchison County. Current FTE numbers have remained static. Staffing will provide leadership, direction, project management, and fiscal management support.

2a. Provide an activity measure(s) for the program.

There can be several measures for the program, such as sections of LiDAR and aerial imagery collected, and amount of equipment deployed as part of the MoHIC.

2b. Provide a measure(s) of the program's quality.

As the MoHIC is fully developed, the department can measure community and citizen interaction with the web-based tools that will assist in making life and property-saving decisions.

2c. Provide a measure(s) of the program's impact.

Assuming the program is successful, DNR will be able to measure and reduce the cost from damages for Missouri communities due to drought and flood.

2d. Provide a measure(s) of the program's efficiency.

Completing projects on time and within budget, with all funds dispersed by December 31, 2026.

No.

PROGRAM DESCRIPTION

American Rescue Plan Act

AB Section(s): 20.360

Broadband, Water/Wastewater Infrastructure

MDC - Columbia Bottom Levee Setback

1a. What strategic priority does this program address?

The project will provide an additional 3,000 acres of flood storage along the Missouri and Mississippi Rivers, which will help protect public and private infrastructure along both rivers in the St. Louis area.

1b. What does this program do?

This project will setback the private levee in the Columbia Bottom Conservation Area at the confluence of the Missouri and Mississippi Rivers in St. Louis County. This project will reconnect the rivers with the historic floodplain at the confluence and provide three thousand acres of forested wetland for additional flood storage. This would directly benefit private and public landowners in the area. The project will also relocate the damaged main road away from flood hazards and add flood resiliency features to keep access to a popular river access on the area.

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

Completion of project meets all planned specifications.

2c. Provide a measure(s) of the program's impact.

Improvement of flood storage, benefiting landowners.

2d. Provide a measure(s) of the program's efficiency.

Project is completed within budget.

PROGRAM I	DESCRIPTION

Broadband, Water/Wastewater Infrastructure	· · · · · · · · · · · · · · · · · · ·				
DPS & MONG - National Guard & Veterans' Home - Utility Connections					

Strengthen Communities: Improve quality of care for Veterans Home residents.

1b. What does this program do?

St. James Veterans Home is 150 Veteran Census Capacity with 185 FTE allocations. This renovation is necessary for life safety and quality of life of Veteran residents.

Camp Clark is a Missouri National Guard training facility spread over 1,300 acres. This project would connect Camp Clark to the City of Nevada sewer system. It will pay for the extension of the sewer main to Camp Clark which will move waste disposal to the city's treatment plant from the Camp Clark lagoon system. This will eliminate the use of the lagoon system at Camp Clark which makes the local water system healthier and safer for the environment.

2a. Provide an activity measure(s) for the program.

St. James Construction Project: Provide an updated, safe water and sanitary sewer line.

Camp Clark connection to City of Nevada sewer system: Provide regulatory compliant, low risk, cost effective sewer service.

Kansas City Airport (MCI) Utility Extension: Provide a suitable construction site in the Kansas City area to construct a needed Readiness Center and a Field Maintenance Shop.

PROGRAM DESCRIPTION					
American Rescue Plan Act	AB Section(s): 20.390				
Broadband, Water/Wastewater Infrastructure	· · · · · · · · · · · · · · · · · · ·				
DPS & MONG - National Guard & Veterans' Home - Utility Connections					

2b. Provide a measure(s) of the program's quality.

- St. James Construction Project includes printing, advertising, architecture and engineering; removal of existing domestic water and sanitary lines, and concrete drives; installation of water lines, shut-offs, sanitary lines, clean-outs, fire hydrants, concrete drives, and new manholes; and seeding and strawing of renovated property. Project includes the partial removal and full replacement of the exterior water and sanitary lines which supply the facility and adjacent buildings. Also included will be the replacement of necessary valves, back-flow preventers and hardware. Minor concrete removal and replacement will be completed to accommodate the underground work.
- Camp Clark connection to City of Nevada sewer system: This will eliminate the use of the lagoon system at Camp Clark which makes the local ground water healthier and safer for the environment. Additionally private entities should be able to utilize the new sewer main along the 1/2 mile this project will extend.
- Kansas City Airport (MCI) Utility Extension: The new Readiness Center will provide approximately 300 more positions within the Kansas City area, which will reduce the drive time to other locations by 50% or more. The site will provide additional opportunities to existing soldiers and to potential recruits in the area. The average Readiness Center Missouri Army National Guard Readiness Center is 50 years old, and the Missouri Army National Guard is currently 1,306,048 sq. ft. short of needed Readiness Center space due to obsolete Readiness Centers. The Readiness Center at this location is projected to be approximately 60,000 sq. ft., which would decrease the statewide shortage by 4.6%.

PROGRAM DES	SCRIPTION
American Rescue Plan Act	AB Section(s): 20.390
Broadband, Water/Wastewater Infrastructure	
DPS & MONG - National Guard & Veterans' Home - Utility Connections	

2c. Provide a measure(s) of the program's impact.

<u>St. James State Veterans Home Renovation of Water and Sanitary Lines:</u> St. James Veterans Home is 150 Veteran Census Capacity with 185 FTE allocations. This renovation is necessary for life safety and quality of life of veteran residents.

<u>Camp Clark connection to City of Nevada sewer system:</u> The Camp Clark Training Site can accommodate 10,000 MONG Soldiers and this will directly impact the ability of those soldiers to continue training at the site. Later development along the new city main to the South of Nevada is unknown, however, providing this utility to that area will open it for economic expansion.

Kansas City Airport (MCI) Utility Extension: Initially approximately 300 soldiers will be impacted as the Missouri National Guard is seeking funds to build a Readiness Center followed by a supporting Field Maintenance Shop. Later development is unknown. The area is currently undeveloped, but providing utilities to this site will open it up for economic expansion for industrial sites and the airport.

2d. Provide a measure(s) of the program's efficiency.

St. James State Veterans Home Renovation of Water and Sanitary Lines: Although the age of the facility is approximately 20 years old, much of the domestic water line and sanitary sewer line that service the facility are from older infrastructure and currently leak.

<u>Camp Clark connection to City of Nevada sewer system:</u> MONG will be able to close the sewage lagoon at Camp Clark and close the permit, which will decrease the possibility of discharge violations and potential fines. MONG will no longer be required to have a lagoon operator with Class "D" wastewater certification to maintain and operate the lagoon, and will not have to conduct twice weekly field monitoring, monthly laboratory sampling and testing, as well as monitoring, cleaning and maintaining aerators.

Kansas City Airport (MCI) Utility Extension: This project will allow for the Missouri Army National Guard to build facilities at this location for the future utilization of the Guard to support soldiers in the Kansas City area. Additionally private businesses will be able to utilize these utilities for an industrial site in accordance with MCI's master plan.

PROGRAM [DESCRIPTION
American Rescue Plan Act	AB Section(s) : 20.400
Broadband, Water/Waste Water Infrastructure	· /
DOC - Facility Broadband Capacity Expansion	

Building a Safer Work Environment, Improving the Workforce, and Reducing Risk and Recidivism

1b. What does this program do?

Currently, the department does not have sufficient broadband capacity within our adult institutions to meet the demand. The addition of many new services for offenders and offender management including: video visitation, virtual/distance academic and vocational education services, virtual/distance substance use treatment, telemedicine, video court proceedings, and video legal visitation have and will continue to exceed the department's broadband infrastructure. This increase is also needed to accommodate future technology changes for safety and security systems for the department. Additional broadband capacity will also be needed in the future as more camera surveillance systems move to digital and existing capacity will be needed to handle those increased demands.

2a. Provide an activity measure(s) for the program.

For completion of the reading/lecture portions of the programs only.

DOC - Correction Facilities Water/Wastewater	

Building a Safer Work Environment, Improving the Workforce, and Reducing Risk and Recidivism

1b. What does this program do?

This program will maintain, repair, and renovate water towers, water storage tanks, and water distribution lines at 12 DOC institutions. Work includes: painting the interiors and exteriors of water towers, full sanitization of water towers, repair pump house controls and pumps, repair of water lines, addition of a fire hydrant, and replacement of water distribution lines and sanitary sewer lines.

This program will also install, maintain, repair, and renovate storm water systems, sewer lines, lagoon treatment infrastructure, bar screens, and manholes at eight DOC institutions. Work includes: installing storm drain systems to prevent erosion, replacing sewer lines, upgrading lagoon treatment devices and buildings, installing mechanical bar screens, replacing clay sewer pipes and precast manholes, and installing sleeves in culverts for storm water drainage.

2a. Provide an activity measure(s) for the program.

DESE - Area Career Centers Grant		

Success-Ready Students & Workforce Development

1b. What does this program do?

This core request is for distribution to the current providers of vocational education programs. Grant awards disbursed must be matched by local funds (25%) in order to be eligible for these funds. This grant, the ARPA Missouri Area Career Center Opportunity Grant, accepted applications from July to October 2022. In November 2022, 51 career centers were awarded funding, ranging from \$150,000 to \$400,000 per facility.

Arcadia Valley Career Center, Ironton, \$400,000

Boonslick Technical Education Center, Boonville, \$400,000

Cape Girardeau Career & Technology Center, Cape Girardeau, \$400,000

Career and Technology Center at Fort Osage, Independence, \$400,000

Carrollton Area Career Center, Carrollton, \$400,000

Carthage Technical Center, Carthage, \$400,000

Cass Career Center, Harrisonville, \$385,500

Clinton Technical School, Clinton, \$400,000

Columbia Area Career Center, Columbia, \$400,000

Crowder College Technical Education Center, Neosho, \$400,000

Current River Career Center, Doniphan, \$400,000

Dallas County Technical Center, Buffalo, \$400,000

Davis H. Hart Career Center, Mexico, \$234,000

Eldon Career Center, Eldon, \$400,000

Excelsior Springs Area Career Center, Excelsior Springs, \$400,000

Four Rivers Career Center, Washington, \$400,000

Franklin Technology Center, Joplin, \$400,000

Gibson Technical Center, Reeds Spring, \$400,000

Grand River Technical School, Chillicothe, \$400,000

Herndon Career Center, Raytown, \$400,000

Hillyard Technical Center, St. Joseph, \$400,000

Jefferson College - Area Technical School, Hillsboro, \$400,000

Kennett Career and Technology Center, Kennett, \$400,000

Kirksville Area Technical Center, Kirksville, \$400,000

Lake Career and Technical Center, Camdenton, \$400,000

Lamar Career & Technical Center, Lamar, \$323,500

Lebanon Technology and Career Center, Lebanon, \$400,000

Lewis & Clark Career Center, St. Charles, \$400,000

Lex La-Ray Technical Center, Lexington, \$400,000

Linn County Area Career and Technical Center, Brookfield, \$400,000

Manual Career and Technical Center, Kansas City, \$400,000

Miller Career Academy, St. Louis, \$400,000

Nevada Regional Technical Center, Nevada, \$400,000

New Madrid County R-I Technical Skills Center, New Madrid, \$400,000

Nichols Career Center, Jefferson City, \$400,000

Northwest Technical School, Maryville, \$400,000

OTC Career Center, Springfield, \$400,000

Ozark Mountain Technical Center, Mountain Grove, \$400,000

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):20.508	
DHEWD - UMC - NextGen		

Construction and Research. This project will be critical for medical isotope research and production for cancer treatment and theranostics.

1b. What does this program do?

The DOE Isotope Program (DOE IP) has collaborated with the University of Missouri Research Reactor (MURRR) for decades. More recently that collaboration has grown such that MURR was one of the first to join DOE IP's University Network. This new partnering approach allows for economical supply of R&D grade Se-75, Au-199, Fe-59, Mn-54 and Lu-177 by combining unique strengths. Building on the proven partnering abilities and taking a fresh look at core unique strengths of each organization leads to the concept of establishing a DOE Radioisotope Science Center (RSC) at the University of Missouri-Columbia. The proposed Center would leverage MURR's competency and experience in the weekly processing and supply of short-lived isotopes as active pharmaceutical ingredients (APIs) and allow facilities for new products and research that can be tasked in an agile manner to respond to emerging DOE-IP needs.

2a. Provide an activity measure(s) for the program.

The program's success (if fully funded) can be measured in the number of orders fulfilled for supply to the DOE or external research revenue generated by the program.

2b. Provide a measure(s) of the program's quality.

The quality of the program can be measured by meeting specific quality attributes in terms of isotopes supplied or successful close-outs of research generated.

2c. Provide a measure(s) of the program's impact.

Direct impact of the program can be measured in the economic value of sales to the DOE-IP and research grants generated. It is believed that the relationship will evolve to a point where DOE will fund - in an ongoing basis - MURR employees to staff the facility. The concept, as presented, will begin with "matrixing" staff from MURR for the facility and transitioning those staff to the facility on a permanent basis once workload demands are met. It is believed that DOE will fund staff in standby mode under the concept of "mission readiness".

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.508
DHEWD - UMC - NextGen	

2d. Provide a measure(s) of the program's efficiency.

The program will be very efficient when viewed through the lens of national impact on isotope availability. This project leverages the capabilities of the National Lab network with MURR "know-how" to efficiently produce isotopes of national interest. In some cases, the "efficiency" of the project can only be compared in an economic sense to countries with which the US no longer has favorable relationships.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
HB 2020, Section 20.508 (2024), General Revenue

State Services	
OA - Digital Government Transformation	

Looking to the future, implement technological solutions that will improve how we work and provide a better customer and team experience.

1b. What does this program do?

ITSD is planning to, or has made, four investments to support the digital transformation of State IT systems.

First, ITSD has acquired professional services to create Citizen Journey Mapping of the most common government services to aid in digital government transformation from the citizen's perspective.

Secondly, ITSD has purchased modern office productivity and collaboration software to meet the needs of occasional users such as many corrections personnel, as well as power users that use the deep functionality available in modern solutions. ITSD will retire out-of-date productivity software.

Third, the next investment will be for the citizen portal and associated IT applications infrastructure components. The citizen portal functionality is made possible by the implementation of critical IT infrastructure like an Identity and Access Management system (single sign-on for citizens and employees), an enterprise workflow platform (orchestration), enterprise integration platform, enterprise content management system, and other applications infrastructure components. This new applications infrastructure will be the prerequisite of what is needed to build modernized applications.

Fourth, for citizens and business to have a "one-stop shop" experience, data will be shared among the many IT systems throughout the agencies. To do this in a secure manner which preserves the integrity of each of the underlying systems and to assure only authorized access to specified data, operational data lakes will be created. These data systems create repositories outside the department's systems that only contain certain data that can be shared system-to system with appropriate other departments' systems. This will also eliminate multiple entries of the same data by citizens, businesses, and employees, as well as standardize data, such as current demographic data.

2a. Provide an activity measure(s) for the program.

Deployment of the applications' infrastructure technologies to support the citizen and business portal include: Identity and Access Management system (single sign on for citizens and employees), an enterprise workflow platform (orchestration), enterprise business rules platform (systems automation), enterprise integration platform, enterprise content management system, and other applications infrastructure components.

PROGRAM DESCRIPTION

State Services	· · · · · · · · · · · · · · · · · · ·	
OA - Digital Government Transformation		

2b. Provide a measure(s) of the program's quality.

Customer journey maps position the State of Missouri to setup the citizen portal to drive better results.

2c. Provide a measure(s) of the program's impact.

Citizens would benefit with secure, faster and better outcomes which boosts accountability and trust.

Provides citizens with a positive experience when conducting business with the State.

Deploys the applications infrastructure to advance the State into a more digital government environment.

Having applications infrastructure in place will result in shorter deployment times for applications and reduce acquisition costs of duplicate applications infrastructure components.

2d. Provide a measure(s) of the program's efficiency.

The modern office productivity and collaboration software will help teams to collaborate more efficiently.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Call Center Optimization	

1a. What strategic priority does this program address?

This funding will allow a vendor to be procured to assist state agencies with process improvements in state Customer Service Centers (call centers). Improving performance in Customer Service Centers has been identified as a critical need across state government.

1b. What does this program do?

The vendor will begin working with the Child Abuse and Neglect Hotline Unit in October. The first two phases of the project include an operations review and systems assessment to understand how this call center is performing against industry best practice and contact center capabilities. From that assessment we will have identified recommended improvements, quick wins, and longer-term solutions related to the call center performance.

2a. Provide an activity measure(s) for the program.

We focused on one call center to begin with the goal of eventually implementing improvements in all of the state's call centers.

2b. Provide a measure(s) of the program's quality.

The overall objective is to decrease call abandonment rate and response time, assess workforce management to ensure staffing is adequate to meet citizen needs, and ensure the quality of the documentation is adequate to determine next steps.

2c. Provide a measure(s) of the program's impact (continued).

The goal is to implement the agreed upon recommendations and have a post implementation playbook to apply all applicable learning across all of the state's call centers.

2d. Provide a measure(s) of the program's efficiency.

Contract is executed within budget.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.520
State Services	
OA - MDA Grain Regulatory Services	

Empower Missouri farmers through a strong grain industry

1b. What does this program do?

The new modern system being implemented will streamline the processes of Grain Regulatory Services (GRS) auditors in the field, as well as handling the licensing of regulated entities and their respective payments.

2a. Provide an activity measure(s) for the program.

The new system will reduce the amount of paperwork for the GRS program and enhance customer experience.

2b. Provide a measure(s) of the program's quality.

The current system is slow and inefficient which increases employee stress levels and degrades customer service. A modernized system would gain efficiencies and improve customer service.

2c. Provide a measure(s) of the program's impact.

An online license renewal system will improve the ability for licensees to complete and submit the required forms to the program.

2d. Provide a measure(s) of the program's efficiency.

Any new, more integrated system will make GRS functions more efficient by replacing outdated and redundant systems currently in use, by reducing the need for multiple entries of the same data.

PROGRAM DESCRIPTION		
American Rescue Plan Act AB Section(s): 20	0.525	
State Services		
OA - DSS Automated Child Support System		

Economic independence for Missourians - Deploy system and technology improvements to improve citizen experience.

1b. What does this program do?

The Missouri Automated Child Support System (MACSS) has been used to distribute more that \$750 million dollars annually, for over 20 years. MACSS handles collection and disbursement of child support through enforcement of existing judicial and administrative orders; location activities; paternity establishment; establishment of orders; and various other activities. Since implementation of centralized collections, this system distributes child support for all of Missouri's children, not just those receiving Temporary Assistance for Needy Families (TANF). The current system has been in production since 1997 and was the consolidation of multiple county-run applications across the state into a single unified system.

Due to the age of the system, the programming language it was written in has since fallen out of use, and likewise has seen a drastic decrease in IT professionals able to work within a system written in the language. DSS is seeking to have their current system rewritten in a modern programming language ensuring this system is supported for the foreseeable future.

2a. Provide an activity measure(s) for the program.

The return on investment with this program is not known at this point, given that the refactoring being recommended is to replicate the current system with modern IT infrastructure to ensure support for years to come rather than any efficiency enhancements. However, refactoring can also provide a faster, more accurate alternative to traditional reengineering or the use of custom or off-the-shelf mainframe software. The functionality and user interface of applications are unchanged, minimizing training needs for software developers, testers, and business users. DSS anticipates cost savings as a result of reduced maintenance and operations expenses.

2b. Provide a measure(s) of the program's quality.

Citizens are able to receive all benefits through the new system. The new system will also have single sign on functionality with a modernized customer portal.

2c. Provide a measure(s) of the program's impact.

The new system will be re-written in a more current programming language increasing Information Technology (IT) support capacity with additional development and other technical resources. This will also reduce annual maintenance and operations costs.

2d. Provide a measure(s) of the program's efficiency.

New technologies such as a tasking and workflow engine will integrate with the new system to improve functionality.

State Services	· /	
DPS - Capitol Complex FirstNet Coverage	_	

This project enhances first responder safety by enhancing and augmenting public safety communication through reinforcing the FirstNet broadband coverage in Capitol Complex buildings and surroundings.

1b. What does this program do?

Firstly, this project methodically and deliberately evaluates FirstNet in-building coverage in critical state facilities and enhances coverage to provide ubiquitous FirstNet coverage and capacity throughout the facilities. Secondly, the project augments existing FirstNet macro coverage and capacity in the central Jefferson City area surrounding the state capitol. These two elements are to provide the best possible FirstNet environment for first responders and day-to-day public safety user in and around these critical facilities.

2a. Provide an activity measure(s) for the program.

Anticipated project activities include: Benchmarking - testing existing coverage inside the facilities; Site Surveys - reviewing each facilities test data and proposing equipment installations to enhance coverage; Installation - implementation of the proposed site improvements; Final coverage testing - verification that the added equipment has enhanced the FirstNet coverage in-building; Adding additional cellular sites to augment FirstNet coverage and capacity in the capital city.

2b. Provide a measure(s) of the program's quality.

Before and after coverage test results will provide a point by point quantifiable measure of coverage improvement.

2c. Provide a measure(s) of the program's impact.

The number of potential users on the FirstNet infrastructure will increase with the additional capacity added in the macro coverage design. Macro coverage designs are forthcoming.

PROGRAM DESCRIPTION

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.570	
Public Health / Negative Economic Impacts		
DPS - MOSWIN Master Site Addition		

This project enhances first responder safety by augmenting public safety communication system capacity for all disciplines and jurisdictions in western and northern Missouri.

1b. What does this program do?

This program divides the existing MOSWIN Zone 1 into separate zones 1 and 5. Due to a high degree of MOSWIN acceptance and usage among local agencies, MOSWIN Zone 1 has approached a capacity limit to further radio and console site additions. RF sites and console sites are essential building blocks for addressing user agencies communication needs.

2a. Provide an activity measure(s) for the program.

The program will first prepare a detailed equipment list to install the new Zone 5 master site, update all sites that will be reassigned, and procure the necessary equipment. All sites to be reassigned from Zone 1 to Zone 5 will then be updated with preconfigured equipment. When the housing facility is ready to accept the master site, it will be installed and integrated into the MOSWIN system. The RF sites will then be transitioned from Zone 1 to Zone 5 individually to avoid widespread site outages.

2b. Provide a measure(s) of the program's quality.

There are currently agencies planning to add consoles and RF sites to MOSWIN but cannot because of the expansion limit. Once completed, new infrastructure additions will again be possible within Zones 1 and 5.

2c. Provide a measure(s) of the program's impact.

The ability to add RF sites to the system enhances the coverage available to system users. The ability to add consoles to the system greatly enhances the capabilities available to user agencies such as paging, monitoring, patching, and recording.

PROGRAM DESCRIPTION American Rescue Plan Act Public Health / Negative Economic Impacts DPS - MOSWIN Master Site Addition AB Section(s): 20.570 20.570

2d. Provide a measure(s) of the program's efficiency.

The current plan is to co-locate the new master site in a server room within a new Highway Patrol facility in Region A. No other new constructions are anticipated in this expansion project.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

DOC - Camera System-Video Storage Devices		

Building a Safer Work Environment, Improving the Workforce, and Reducing Risk and Recidivism

1b. What does this program do?

Cameras are an essential tool for institutional safety and security. The department's camera systems are beyond their end of life. A number of the video storage devices are no longer supported by the manufacturer, which requires replacement as the devices fail. When one storage device fails, cameras associated with that device go down and footage is not stored, which affects institutional operations. This program is working to replace these systems with systems that have built in redundancies to reduce impacts of hardware failures and to improve institutional operations.

In total, this program will replace 28 institutional camera systems. These institutions include correctional centers, treatment centers, transition centers, and community supervision centers.

2a. Provide an activity measure(s) for the program.

State Services		
DOC - Institutional Radio Replacement		

Building a Safer Work Environment, Improving the Workforce, and Reducing Risk and Recidivism

1b. What does this program do?

Radios are an essential tool for institutional safety and security. Radios are the only form of communication available to staff to alert when they are in distress or when an incident or emergency occurs. The department currently has 14 institutional radio systems (and radios) that are older than six years. The manufacturer's recommended life span for radios and radio systems is seven years.

This section contains funding to replace all institutional radios and radio systems that are over six (6) years old (seven years by implementation). This will ensure that all department radios and radio systems are within the manufacturer's projected life span. This program will also ensure that each site has a sufficient number of radios to equip all custody staff with a radio.

2a. Provide an activity measure(s) for the program.

American Rescue Plan Act	AB Section(s): 20.600
State Services	· ,
DMH - Electronic Health Record System	

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians. As part of the State's Operational Excellence (OPEX) initiative, DMH has created a placemat summarizing its Fiscal Year 2023 (FY 23) priorities to improve the way the Department does business every day, including improving systems for data-based decision-making.

1b. What does this program do?

This item provides funding to replace the DMH legacy information technology (IT) systems for consumer care and treatment with a comprehensive vendor supported cloud- based Electronic Health Record (EHR) solution. The EHR will provide assessment, treatment and support services that are enhanced for recipients of DMH services and will provide documentation and communication for DMH service recipients, health care providers, organizations which care is provided, and the systems within which they operate.

2a. Provide an activity measure(s) for the program.

DMH leaders and staff will be able to more effectively and efficiently employ data-driven decision-making, and track and report on quality improvement and other performance measures, through enhanced data analytics capabilities and tools such as real-time dashboards and/or reports.

2b. Provide a measure(s) of the program's quality.

DMH clinical/programmatic staff will be able to provide direct care and other support services to service recipients in a more person-centered, holistic, equitable, and evidence-based manner.

2c. Provide a measure(s) of the program's impact.

DMH service recipients—and their families/guardians—will have access to their healthcare data via a service recipient portal, as appropriate and in adherence to established privacy and security standards.

2d. Provide a measure(s) of the program's efficiency.

DMH clinical/programmatic and administrative staff will be able to perform operational processes more efficiently using integrated technologies and automated, standardized, and streamlined processes, allowing them to spend more time on value-added activities.

PROGRAM DESCRIPTION			
American Rescue Plan Act	AB Section(s): 20.601		
DMH - Behavioral Health Crisis Center Construction			

Expand crisis services in Missouri by investing in the construction/renovation of four additional Behavioral Health Crisis Centers (BHCC) in needed areas.

1b. What does this program do?

BHCCs triage, assess, stabilize, and provide immediate resources to individuals experiencing a behavioral health crisis. This resource helps to provide law enforcement a drop off location for individuals in crisis and divert from unnecessary jail, prison, or emergency room visits. A goal of BHCCs is to provide a safe space for the person to receive mental health and drug services for their crisis. BHCCs have an open door policy regardless of one's ability to pay for services. Areas of identified need due to gaps in service include Trenton and Chillicothe areas, Franklin, Jefferson, and Pettis counties.

2a. Provide an activity measure(s) for the program.

Once the four new BHCCs are operational, the division will track the number of referrals and admissions.

2b. Provide a measure(s) of the program's quality.

Once the four new BHCCs are operational, the division will track new clients within the DBH treatment provider system within 60 days of referral and average days from referral to new service.

2c. Provide a measure(s) of the program's impact.

Once the four new BHCCs are operational, the division will track the discharge outcome of inividuals admitted to the BHCC-including whether or not the crisis was stabilized.

2d. Provide a measure(s) of the program's efficiency.

Once the four new BHCCs are operational, the division will track the amount of time law enforcement officers spend when bringing an individual in crisis to BHCC services.

PROGRAM DESCRIPTION					
American Rescue Plan Act	AB Section(s): 20.630				
State Services	· ,				
DSS - Victims of Crime Act Funding	-				

Safety and well being for children and youth.

1b. What does this program do?

The Department of Social Services (DSS), Family Support Division (FSD) administers the Victims of Crime Act (VOCA) Program to support community-based victim assistance programs and services that are directly related to the emotional healing and recovery of crime victims.

The assistance provided through VOCA grants includes, but is not limited to, the following comprehensive services: 24-hour crisis hotline, individual and group counseling, emergency shelter, crisis intervention, court advocacy, emergency transportation, emergency legal assistance, transitional housing, and other services to promote emotional and physical health of victims.

This grant program requires the sub-grantees to provide a 20% match, which may be either cash or in-kind goods or services. To ensure community buy-in, the awarded agency must also utilize volunteer staff in the provision of direct services. Agencies are required to demonstrate how they work with other community agencies to lessen any gaps in services for victims.

2a. Provide an activity measure(s) for the program.

FFY 2024 data will be available in January 2025.

1a. What strategic priority does this program address?

Safety - moving Missourians safely.

Service - providing outstanding customer service, delivering efficient and innovative transportation projects and operating a reliable transportation system.

1b. What does this program do?

Washington County - Potosi, MO has a desire to rehabilitate or reconstruct their apron and runway. The current apron and runway pavement has deteriorated and is in need of repair. Funding for this project will assist the county with some of the costs to repair their only airport and improve safety.

2a. Provide an activity measure(s) for the program.

The 2025 and 2026 projections for airports eligible to receive funding are based on all 68 airports that could receive federal AIP funding through the State Block Grant Program. Of the 68 airports, only 64 will receive ARPA funding. The 2025 and 2026 projections for airports receiving funding are based on the average of actuals for the last four years.

American Rescue Plan Act State Services MODOT - Washington County Airport PROGRAM DESCRIPTION AB Section(s): 20.645 20.645

2b. Provide a measure(s) of the program's quality.

All projects using federal or state aviation funds are reviewed by MoDOT prior to bid advertisement. Grant funding for the project is provided after the bid award. The 2025 and 2026 projections are based on the average of actuals for the last three years.

2c. Provide a measure(s) of the program's impact.

An operation is defined as a takeoff, landing or a low approach where the aircraft passes close over without contacting the runway. This data comes from a traffic count study that was compiled in 2024 and included in the Washington County-Potosi Airport Master Plan. Also included in the annual operations projection, the number of trips increase with the rise in number of aircraft based at the Washington Country Airport.

PROGRAM DESCRIPTION	
American Rescue Plan Act State Services	AB Section(s): 20.645
MODOT - Washington County Airport	

This includes all public airport runways that are eligible to receive federal or state aviation funds. Pavement in good condition is based on data from the Pavement Condition Index (PCI), which reports on the structural integrity of the pavement. The 2024 and 2025 projections were set by the department.

2d. Provide a measure(s) of the program's efficiency.

Aviation projects are programmed or budgeted in the department's Statewide Transportation Improvement Program (STIP). Once a project is awarded and work begins, final project costs can change from the original programmed cost in the STIP. Aviation project cost changes are usually caused by final quantity adjustments, federal inspections, subgrade issues or other additional construction phase service costs. The 2025 and 2026 projections are based on the average of actuals for the last three years.

Judiciary - Court Security and Technology		
1a What stratogic priority does this program address?		

This program improves physical and cyber security, bandwidth, and technology for the courts.

1b. What does this program do?

Improves security for the physical structures of our appellate courts, as well as the cybersecurity of our judicial system. The physical security upgrades are needed for outdated alarm systems, intercom systems, ballistic reinforcement of doors, walls, and benches, security stations for security personnel, electronic door access control systems, security camera upgrades, installation of panic buttons, secured parking with cameras, reconfiguration of entrances, and bullet proof glass. Buildings are open to the public, so a variety of physical threats are possible. The cybersecurity aspects will be focused on improved security for remote technologies and proceedings.

DHEWD - Crowder College - ATTC	

1a. What strategic priority does this program address?

Strategic Priority 1.1 Develop and expand training opportunities in high-demand areas to meet the region's workforce needs.

1b. What does this program do?

Crowder College currently rents 30,687 sq. ft of 51,140 sq. ft from the Joplin Chamber of Commerce Foundation. Purchasing the facility would add another 20,453 sq. ft for expansion & new programs, provide unique educational & training opportunities in the area, and establish a permanent technical education training center in the region.

2a. Provide an activity measure(s) for the program.

Activity measures include:

- -Acquisition of the facility
- -Renovation of the building
- -Creation and approval of new academic programs
- -Hiring of additional faculty and staff

2b. Provide a measure(s) of the program's quality.

Program quality will focus on 1) the financial stability of the expanded training center and 2) the quality of educational programs offered.

- 1) The college board of directors will evaluate the program's financial stability monthly during their regular board meeting.
- 2) Program quality will be evaluated through the college's program review process, which focuses on a) program learning outcomes, b) course learning outcomes, c) results of course/program learning assessments, and d) a summary of feedback from students about their experience in the program.

2c. Provide a measure(s) of the program's impact.

The program impact will be evaluated in terms of credentials earned by students completing programs at the Joplin ATTC with a certificate or degree. We anticipate the addition of 20,000 sq ft will allow Crowder College to award more than 1,000 credentials over the next four years. This is an annual increase of 130% from our current performance level.

PROGRAM DE	SCRIPTION

DHEWD - MCC-21st Century Teaching & Learning		

1a. What strategic priority does this program address?

Provide a welcoming, safe environment where state-of-the-art teaching and learning occur and meet critical occupation needs.

1b. What does this program do?

Creates a comprehensive upgrade/enhancement of identified areas within the teaching and learning environment. The plan includes an upgrade to MCC Blue River campus Career and Technical Education (CTE) and Public Safety programs (e.g. commercial driving license, Occupational Safety and Health Administration (OSHA), police, fire, emergency medical, cyber security) and all general instruction facilities to support these programs. In addition, this project involves infrastructure changes, including construction and renovations (IT, HVAC, security, lighting, roofs, signage, functional improvements, facilities' interiors & exteriors, electrical, plumbing, etc.). All upgrades and improvements will allow MCC to continue to offer a welcoming, safe environment where state-of-the-art teaching and learning occur and meet critical occupation needs.

2a. Provide an activity measure(s) for the program.

Increase in student enrollments Increase in student enrollments in high-priority occupation programs

2b. Provide a measure(s) of the program's quality.

Increases in graduation rates of students enrolled in high-demand occupations

2c. Provide a measure(s) of the program's impact.

Job placement of students into high-priority occupations. According to the Missouri Economic Research and Information Center, the state will need more than 1,700 law enforcement professionals, over 500 firefighting and prevention workers, 350 IT security analysts, and over 5,800 commercial vehicle operators in the next decade. The 21st Century Teaching and Learning project will significantly impact the state and regional economy by helping to address shortages in several high-priority occupations.

State Services	· · · · · · · · · · · · · · · · · · ·
DHEWD - Ozarks Technical Community College - Workforce OTC Center	

This project helps the college meet all 3 tenets of the college's 2023-2028 strategic plan: student success, institutional excellence, and partnerships with local communities.

1b. What does this program do?

This facility would house various student support services that help students succeed and would allow for engagement with local employers, nonprofits, and other organizations. Currently, there is not such a focal point on the Springfield or another OTC campus or center that enables connection and interactions such as this building would allow. It should also be noted that students, through various feedback mechanisms, have expressed their desire for a place to connect with one another outside the classroom.

2a. Provide an activity measure(s) for the program.

Measures for the building could include:

- Facility usage/traffic
- Employer/nonprofit events hosted

2b. Provide a measure(s) of the program's quality.

Student, employee, and community feedback/reviews of the facility, offerings, etc.

2c. Provide a measure(s) of the program's impact.

Correlation with factors such as retention, graduation, student satisfaction, and possibly some metrics derived from events such as job fairs with individuals offered, hired, etc.

2d. Provide a measure(s) of the program's efficiency.

Evaluation of baseline matriculation (pre-facility) v. after facility is online, student feedback/surveys of facility/programming impact, etc.

PROGRAM DESCRIPTION	
AB Section(s): 20.740	
· / 	
?	

This program addresses the shortage of qualified workers in its region by creating a state-of-the-art Workforce Technical Innovation and Transformation Campus. St. Charles Community College's (SCCC) service area provides accessible opportunities for business, industry, and residents and includes three of the fastest-growing counties in the state: Lincoln, Warren, and St. Charles Counties. In collaboration with the area's economic development, business and industry, labor and professional organizations, and other regional stakeholders, SCCC proposes to create a campus focused on information technology, transportation/logistics, applied engineering/integrated technology, and advanced manufacturing/systems.

1b. What does this program do?

This program addresses the shortage of qualified workers in its region by creating a state-of-the-art Workforce Technical Innovation and Transformation Campus. This facility will allow SCCC to:

- Develop new innovative approaches to economic development within the region and Missouri, by showcasing new technological innovations;
- Create timely, hands-on training through technical, skill-based training, including aspects of Registered Apprenticeship;
- Establishment of collaborative strategies for programming to support career pathway development including increased and expanded partnerships with industry and industry associations such as the National Tooling and Machining Association (NTMA), the American Welding Society (AWS), and the International Brotherhood of Electrical Workers (IBEW);
- Develop collaborative strategies for management and organizational program development and entrepreneurial success;
- Explore micro-enterprise opportunities with business and industry to encourage economic growth;
- Enhance outreach and engagement strategies to introduce emerging students and returning learners to opportunities within in-demand, highly skilled career pathways;
- Expand and create integrated education and training opportunities with K-12, colleges and universities, and business and industry.

DHEWD - Humphreys Building Renovation	

This project meets workforce needs by attracting students and faculty with modern resources --placing the university at the forefront of classroom and labspace design and enhancing the student services environment.

1b. What does this program do?

This project addresses \$21 million in deferred maintenance within the building along with critical enhancements and space redesign.

The University of Central Missouri (UCM) Humphreys Building houses programs in Criminal Justice and Criminology, Safety Sciences, and Reserve Officers' Training Corps (ROTC), all of which have positive national reputations. The building also houses the institution's Division for Online and Learning Engagement, responsible for its non-credit and credit-based workforce training and continuing education. In addition, student support services, including the Mental Health Counseling Center, is in the facility. One of the oldest buildings on campus, this project allows UCM to meet workforce needs by attracting students and faculty and providing modernized resources--placing the university at the forefront of classroom and lab space design and enhancing the student services environment.

2a. Provide an activity measure(s) for the program.

Student enrollments in the programs housed in the Humphreys Building

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.795
Public Health / Negative Economic Impact	
DHEWD - MSSU - Health Sciences, Tech, and Innovation Ctr	

This program will address and fill critical needs Health Sciences and Technology, including the following areas and occupations: Registered Nurses (BSN

1b. What does this program do?

Missouri Southern State University's (MSSU) Health Sciences, Technology, and Innovation Center will house new and expanded academic programs to support Joplin's strengths as a regional health care and manufacturing hub. The university currently offers an excellent engineering technology program as well as vital health sciences programs such as nursing, dental hygiene, and respiratory therapy. The Center will enable the university to expand robust partnerships with Freeman and Mercy Health Systems, Kansas City University (which in 2023 will add a dental school to its current medical school in Joplin), and many regional advanced manufacturing companies. The university envisions a "best in class" facility that includes advanced learning and innovation space, including virtual reality labs, an expanded cadaver lab, and a Smart Factory/robotics system. The Health Sciences, Technology, and Innovation Center would also include welcome and events space that would serve both the campus and the broader Joplin area community.

2a. Provide an activity measure(s) for the program.

Construction progress of the Health Sciences, Tech and Innovation Center.

2b. Provide a measure(s) of the program's quality.

Number of students earning degrees and certifications in the targeted career fields.

2c. Provide a measure(s) of the program's impact.

Number of students obtaining employment in the targeted career fields.

2d. Provide a measure(s) of the program's efficiency.

Number of students entering the targeted program versus graduation rates.

PROGR	AM DESCRIPTION
American Rescue Plan Act	HB Section(s): 20.801
Public Health / Negative Economic Impact	
DHEWD - MWSU Library Hub for Student Success	

Research and Economic Development

1b. What does this program do?

Built in 1968, the library at Missouri Western, has not received or engaged in renovation since 1988. The proposed renovation will entail a limited alteration of the mechanical and structural elements such as improved acoustic dampening, and will focus on addressing fixed-space seating by creating flexible learning configurations, bookable spaces to accommodate student learning in expanded hours, all allowing greater accessibility for students with ADA needs. Additionally, the campus lacks a "model classroom" environment as well as a creative design space that is available to traditional and adult learners, and this proposal would allow for the creation of both as a part of this one-time allocations. Lastly, the current library space limits community access and outreach, and the proposed redesign would improve service to partners as well as provide access to unique collections and archives for community members.

2a. Provide an activity measure(s) for the program.

Completion of proposed projects.

2b. Provide a measure(s) of the program's quality.

Rates of repeated booking and inquiry, increased booking over time, progressive increases in gates and usage numbers (6a), survey response items: Student, faculty, and community responses to usage survey items, and addressing physical and service quality in the refurbished space.

2c. Provide a measure(s) of the program's impact.

Increased archive or collection development, increased number of learning assignments and projects using Hub Student Success space, increased number of students accessing success resources, and improved access of library resources by underrepresented populations.

2d. Provide a measure(s) of the program's efficiency.

Combined course projects or activities in refurbished space, group tutoring and review sessions, increasing capacity of tutoring support, direct access to IT and technology service reducing help desk traffic, and increased ability to utilize free and accessible learning resources, reducing student expense

	PROGRAM DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.815
State Services	· · ·
DHEWD - UMC - NextGen Precision Health	

Research

1b. What does this program do?

This program will build research programs that support statewide economic growth for Missouri. This transformative investment (Developing Pillars in Radiopharmaceuticals and Animal Science and Health) will enhance Missouri's unique assets (Nuclear Research Reactor, College of Veterinary Medicine, Animal Resources Center, College of Agriculture, Food and Natural Resources), drive economic growth, and will be leveraged to attract industry partners to the state.

Additionally, this transformative investment will demonstrate a high commitment to research from MU and the state to support the institution's Association of American Universities (AAU) standing.

2a. Provide an activity measure(s) for the program.

Measure: Build state-of-the-art NextGen Precision Health Institute.

The grand opening of the Roy Blunt NextGen Precision Health Building was on October 19, 2021.

2b. Provide a measure(s) of the program's quality.

Measure: Recruit exceptional research faculty with proven track records of excellence in cancer, vascular and neurosciences research who will train the next generation of precision medicine scientists.

Nationally and internationally renowned researchers in our three NextGen core areas will be recruited to build out our precision health capabilities. These highly skilled scientists will integrate with UM System research teams to tackle the health challenges associated with cancer, vascular and neurological disease with the goal of creating personalized, revolutionary precision medicine. Productivity will be measured by the amount of funding received from federal and industry sources.

Missouri residents and students alike will reap the benefits of the initiative. As we educate the next generation of researchers and medical practitioners, the NextGen Institute will demonstrate the importance of working together across disciplines to better address the needs of our citizens as individuals. Students will train in the rich environment of a leading biomedical research facility, under renowned scientists. They will learn how to transfer research into the most promising drugs and technologies through collaborations between UM System universities and industry partners.

Ultimately, these efforts will provide valuable experience for future professionals and fuel the state's development of a highly skilled workforce.

	PROGRAM DESCRIPTION
American Rescue Plan Act	AB Section(s) : 20.815
State Services	
DHEWD - UMC - NextGen Precision Health	
0 5 11 () 511 1 1	

2c. Provide a measure(s) of the program's impact.

Measure: Increase in federal and sponsored grant funding will help address cancer, vascular and neurological disease improving the health of Missourians.

2d. Provide a measure(s) of the program's efficiency.

Measure: Shared state-of-the-art research technologies and expertise among UM System researchers will decrease redundancies while increasing research output.

Core facilities that will be located in the NextGen Institute are centralized, shared resources that provide access to instruments, equipment, technologies and expertise to UM System clinical and scientific researchers, as well as industry partners. Operating on a fee-for-service basis, the core facilities in the NextGen Institute will range from animal modeling to a 7-Tesla MRI. Also, provided in each core will be the experts needed to help researchers attain their scientific goals.

The building will include resources such as cores for electron microscopy, magnetic resonance imaging, single-photon emission computed tomography and more. These shared resources will create new opportunities across the UM system. For example, UMKC researchers do not currently have access to a well-equipped animal research facility, or vivarium. The NextGen Institute will provide this access to help develop therapies for companion animals and serve as an important step toward clinical trial evaluations for humans.

Additionally, the expertise needed to run and evaluate results from this highly specialized equipment will be conducted by faculty and staff recruited to the Institute. These high-paying jobs will contribute to the economic development of the region and state. We will continue to work with global industry partners, such as Siemens Healthiness, Roche, Cerner, and others, to offset the costs of these core facilities.

<u>Base Target</u>: Outfit the NextGen Institute with high-end, technologically advanced core facilities. Stretch Target: Share resources and create research collaborations with other campus facilities.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):20.816
State Services	
DHEWD - DELTA Research Soils Lab	

Agricultural Research

1b. What does this program do?

The University of Missouri's four agricultural Research, Extension and Education Centers lead technology development and adoption for Missouri agriculture. These centers are integral to the land-grant missions of the Missouri Agricultural Experiment Station and MU Extension. The Fisher Delta Research, Extension and Education Center (FDREEC), headquartered in Portageville, Missouri, serves the 12-county area that forms the Missouri Bootheel. The unique soils, water resources and topography of southeast Missouri make it one of the most productive cropping regions in the world. Soil testing provides the foundation for advanced crop production and environmental protection. MU will use these funds to build a state-of-the-art soil testing laboratory at the Fisher Delta Research, Extension and Education Center (FDREEC). This new MU Extension testing facility positions the University of Missouri and the agriculture industry to use the latest in soil science to grow better corn, soybean, cotton, rice and specialty crops.

2a. Provide an activity measure(s) for the program.

The Testing Laboratory at the FDREEC will initially offer soil testing and science-backed fertility recommendations. As the lab matures, new analyses such as precision fertilizer application maps, input-to-yield mapping, plant testing, water testing, soil health and additional features will likely be added. Additionally, the lab will serve the six faculty members at FDREEC conducting research, extension and education in the following areas: Soybean Breeding and Genetics, Weed Control, Cotton Production, Cropping Systems, Rice Production, Plant Protection, and Irrigation.

2b. Provide a measure(s) of the program's quality.

The program's core goal, as well as the goal of the research programs included in 2a. above, will be to provide answers and methods to improve crop management practices in southeast Missouri and regional areas. The results from this MU Extension Testing Lab will improve the efficient use of crop inputs and methods such as crop varieties, fertilizers, water management, weed control, tillage, cropping systems, disease control and other agronomic practices for local and regional farmers.

2c. Provide a measure(s) of the program's impact.

Applying soil testing results to Missouri farms will improve crop production and profits in the region. With this being the first year of State funding received for this program, the initial goal is establishing a working lab. We will provide the broader impact measure of improved crop production in SE Missouri in subsequent years.

PROGRAM DESCRIPTION		
American Rescue Plan Act		AB Section(s):20.816
State Services		
DHEWD - DELTA Research Soils Lab		

2d. Provide a measure(s) of the program's efficiency.

Long term and short term testing results will improve efficient and sustainable crop production in Southeast Missouri.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.820
State Services	· · ·
DHEWD -MS&T - Missouri Protoplex	
•	

Research and Economic Development

1b. What does this program do?

The Missouri Protoplex will be the principal facility for a statewide initiative to drive economic activity around expanding manufacturing in Missouri. Known as the Manufacture Missouri Ecosystem (MME), this initiative will bring together experts and policy-makers to develop and adopt technologies to make Missouri a national leader in manufacturing. The Missouri Protoplex will be the hub where industry, government, and academia come together to research and develop new materials and methods, prototype and test new processes, and solve multi-disciplinary problems.

2a. Provide an activity measure(s) for the program.

Build a faculty connecting industry, state/federal leaders and academia to develop new manufacturing processes, further elevating S&T's standing as a national leader in manufacturing engineering.

2b. Provide a measure(s) of the program's quality.

The purpose behind Missouri S&T's new Missouri Protoplex Facility is to create a dynamic, campus-wide culture of innovation and entrepreneurialism. This new facility will be a place to forge and explore partnerships between academic research, entrepreneurial start-ups, and established companies. Additionally, the types of research spaces envisioned will support Missouri S&T's goal of achieving the more research-intensive Carnegie R1

2c. Provide a measure(s) of the program's impact.

Every \$1 spent on manufacturing generates \$1.48 in the economy, the highest of any sector. Manufacturing in MO accounts for 12% of GDP, 86% of exports.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):20.820
State Services	
DHEWD -MS&T - Missouri Protoplex	

2d. Provide a measure(s) of the program's efficiency.

The Missouri Protoplex Facility is conceived as a place where industry and academia come together to research new materials and methods, prototype and test new manufacturing processes, and solve multi-discipline problems required to bring integrated cyber-physical manufacturing systems into practical use. The collaborative work for which this new facility is intended and requires flexibility to move back and forth between suites of traditional lab, office, and conference spaces, and large, secure, well-appointed high-bay manufacturing lab spaces. Placing these dual work environments adjacent to one another in each discipline will allow fluidity of movement required for rapid prototyping, as well as visual transparency, to improve communication, coordination of the work, and safety for all occupants.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.821	
DHEWD - University of Missouri Science & Technology - STEM Education	_	

Advancing STEM education and research for Missouri's future through creating world class research facilities while also reducing deferred maintenance and operational costs.

1b. What does this program do?

New addition and renovations of the Engineering Research Laboratory (ERL) and Shrenk Hall East will leverage existing, world-class assets at S&T to provide new economic opportunities for Missouri citizens and industries. The project also will expand S&T's geothermal energy infrastructure to address facility needs while furthering S&T's commitment to exceptional operational and environmental stewardship.

2a. Provide an activity measure(s) for the program.

Build a 33,000 gross square feet addition and renovate 43,421 gross square feet of the Engineering Research Laboratory (ERL) that supports the state's economic and workforce development goals by providing updated STEM education and research facilities.

Renovate 55,000 gross square feet of Schrenk Hall East to modernize classrooms and accommodate the academic departments that service our students. Connect the newly constructed ERL addition, Schrenk Hall East and three additional buildings to the central geothermal plant, reducing operational and maintenance costs.

2b. Provide a measure(s) of the program's quality.

The purpose behind Missouri S&T's renovations in the areas of advanced manufacturing, materials science and engineering, and biological sciences and engineering, will significantly advance Missouri's position as a national leader. Missouri S&T is ranked #1 public university in Missouri for return on investment by Georgetown's Center on Education and Workforce, and this program builds upon S&T success as a premiere research institution. Additionally, the types of research spaces envisioned will support Missouri S&T's goal of achieving the more research-intensive Carnegie R1 classification.

2c. Provide a measure(s) of the program's impact.

The interdisciplinary research in these facilities will have broad state and national impact through educational programs, industry innovation, and the development of advanced materials, manufacturing, and a high-technology workforce.

The expansion of the central geothermal plant will yield significant reduction of utility costs for decades and further increase the more than \$2 million annual savings achieved by the S&T geothermal system.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):20.821	
DHEWD - University of Missouri Science & Technology - STEM Education		

2d. Provide a measure(s) of the program's efficiency.

Missouri S&T's strengths in computational science, environmental engineering, and materials science and engineering to advance medical, environmental, and biomedical research. The facility will be an integral component of the student experience at Missouri S&T, since almost every student will take at least one course in one or more important foundational area of biological sciences or chemistry taught in the Schrenk Hall facility.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds? None

- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

 American Rescue Plan Act

No

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):20.822
Revenue Replacement	
DHEWD - UMSL - Engineering Building	

Addressing the engineer shortage in St. Louis and Missouri by increasing the number of graduating mechanical, electrical and civil engineers.

1b. What does this program do?

The School of Engineering will enable UMSL to provide ABET accredited bachelor's degrees in Mechanical, Electrical and Civil Engineering.

Originally known as the Accreditation Board for Engineering and Technology, the Board has been using solely the ABET acronym since 2005. ABET accreditation is a globally recognized form of quality assurance for programs in the areas of applied and natural science, computing, engineering, and engineering technology.

2a. Provide an activity measure(s) for the program.

UMSL will be monitoring admissions, retention and graduation rates for each program. Additionally, the university will track where graduates get employment.

2b. Provide a measure(s) of the program's quality.

There are several measures of the program's quality. First and foremost will be maintaining ABET accreditation. Additional measures will include graduation rates, and where graduates become employed.

2c. Provide a measure(s) of the program's impact.

UMSL will monitor the impact on graduates working in St. Louis and Missouri. Over 75% of UMSL graduates stay in the St. Louis region. Given the average salaries of engineers the school believes this program will have a positive impact on the graduates and the St. Louis and Missouri economies. With UMSL Alumni Association, the school will track employment and salaries for these graduates.

American Rescue Plan Act AB Section(s): 20.822

Revenue Replacement

DHEWD - UMSL - Engineering Building

2d. Provide a measure(s) of the program's efficiency.

The School of Engineering revenue and expenditures will be reviewed annually and assessed by the UMSL Finance office. UMSL set expectations for this program to generate a profit within four years (FY 28).

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

ARPA of 2021, Section 9901, established the State and Local Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.	.825
Public Health / Negative Economic Impact	· /	
DHEWD - UMKC Health Sciences District Development		

Outreach/Engagement

1b. What does this program do?

As the first step in a vision for a multi-block, regional hub for state-of-the-art medical care and health sciences innovation, the University of Missouri - Kansas City (UMKC) will construct a 120,000 square foot clinical and teaching facility adjacent to its Schools of Medicine, Dentistry, Pharmacy, Nursing and Health Sciences. Situated near its clinical healthcare partners, University Health (formerly, Truman Medical Center) and Children's Mercy Medical Center, the building will house new dental clinic space, medical simulation laboratory, and academic space. The UMKC Dental clinic (the only public dental school and training clinic in the states of Missouri and Kansas), with the most advanced oral health intervention technology to serve the region. The building will modernize teaching space and increase capacity to expand the institution's School of Medicine programs, most notably the MD (both the six-year and traditional four-year tracks) and Physician Assistant programs. The facility will house an interdisciplinary biomedical engineering program, in development, and the new NextGen Data Science and Analytics Innovation Center, and the Health Equities Institute.

2a. Provide an activity measure(s) for the program.

Build an interprofessional health faculty that allows for increased collaboration among health care fields, which creates a greater capacity for developing health solutions and providing patient care. UMKC is one of only 20 universities in the country where dentistry, medicine, nursing and health studies, and pharmacy share a single, walkable campus, which underscores the need to continue to provide opportunities for collaboration among the health sciences.

2b. Provide a measure(s) of the program's quality.

The building will allow UMKC to continue to deliver first-professional degrees in Dentistry, Medicine, and Pharmacy. The building will continue to support UMKC's strong licensure pass rates and graduates to support care delivery for Missourians.

P	ROGRAM DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.825
Public Health / Negative Economic Impact	
DHEWD - UMKC Health Sciences District Development	
	_

2c. Provide a measure(s) of the program's impact.

School of Dentistry

These state-of-the-art clinics will attract some of the best students and faculty from the region, making UMKC competitive with top schools across the country. In addition, UMKC will have increased space to continue its important work in serving the underserved – delivering almost \$1 million in uncompensated care to those who otherwise might not get treatment. With a new interprofessional medical building, the next generation of dentists can be taught to deliver better dental care at a lower cost. Another benefit will be the expansion of dental emergency services, which will lower the number of dental emergencies seen at hospital emergency rooms and continue to make first-rate dental care more accessible to the community.

School of Medicine

The new building will provide state of the art educational facilities for UMKC medical students and programs, such as space for more simulation labs, which lead to better training for students and better care for the community. The expansion also will allow for necessary infrastructure changes to improve the school, including increased capacity for digitization with additional space for fiber optic cables, improved air flow throughout the building and expanded classroom space.

Biomedical Engineering

Proximity between doctors and developers of medical devices is paramount, and this new building will foster faster, more effective collaboration between engineers and medical professionals to accelerate product development in areas such as imaging technology, implants and microsurgery tools. UMKC will expand its ability for creating new technology, generating innovations for products and patents with the potential to work with companies to develop and produce them.

Data Science and Analytics Innovation Center

Through its expertise in data science, UMKC and its clinical partners are ushering forward a new era of personalized health care — one that will treat diseases based on individual variability in genes, environment and lifestyle, rather than a traditional one-size-fits-all approach. The data center's work will

Operational Efficiencies

1b. What does this program do?

The University of Missouri–St. Louis (UMSL) seeks to foster inclusive prosperity for its diverse student body by reimagining its campus infrastructure and enhancing access to leading-edge academic programs in high-demand fields, including biotechnology, cybersecurity, data science, education, engineering, entrepreneurship, nursing, and custom workforce development programs.

In addition, the proposal will involve consolidating academic programs, reducing the campus footprint, and deferred maintenance to focus critical operations on its North Campus. This process requires renovating several facilities and demolishing those with high capital needs inventory (CVI) values, resulting in a more vibrant, sustainable university that produces the state's most diverse workforce in a region that represents 44 percent of the state's GDP.

2a. Provide an activity measure(s) for the program.

Measure: Consolidate five programs into existing space on the North Campus.

2b. Provide a measure(s) of the program's quality.

Enrollment at UMSL has shifted to more class offerings online. While this is a popular and successful learning format for its students and increases the university's reach beyond the community, it has led to fewer students on campus and a lesser need for facilities. As a result of a shift in how some courses are delivered, the university has more land and facilities than is currently needed.

These changes provide an opportunity to consolidate facilities, right-size the campus, repurpose existing university assets at the edges and focus more intentionally on creating a vibrant campus core. UMSL is now at a critical juncture to reshape its physical campus and identity for the next generation of learners. Reframing the campus' identity, investing and planning for change in a targeted manner, and creating unique and welcoming spaces to enhance the campus experience will help to attract more students to the university and ensure its success and resiliency over time.

2c. Provide a measure(s) of the program's impact.

Measure: Eliminate \$36M in facilities needs and reduce operating cost by nearly \$1M.

American Rescue Plan Act HB Section(s): 20.830

State Services

DHEWD - UMSL - Campus of the Future

2d. Provide a measure(s) of the program's efficiency.

Measure: Reduce assignable square footage (ASF) by 225,000.

The university plans to demolish about 125,000 ASF of existing space in the near term, and another 100,000 ASF is currently vacant. Meanwhile, surplus instructional space (nearly 75,000 ASF) provides an opportunity to realign UMSL's stock of instructional spaces to better serve its in person population. These space surpluses provide flexibility for the targeted reorganization of the physical campus to support the UMSL of the future.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

MDA - MASBA Biofuel Infrastructure Incentive Program

1a. What strategic priority does this program address?

Empower more agricultural producers.

1b. What does this program do?

- The Biofuel Infrastructure Incentive Program was created to increase the distribution and use of biofuels, i.e. ethanol and biodiesel, in the State of Missouri.
- Grants will be awarded to fuel retailers, fuel distributors, terminal companies, and fleet operations that are dispensing, or have plans to store or dispense, ethanol blends of E15 or higher or biodiesel blends of B6 or higher.
- Projects may include, but are not limited to: expenses incurred for the construction, installation, upgrade, or retrofit of fuel dispensers/pumps, related/attached equipment, underground or above ground storage tanks, or tank system components and other infrastructure located in Missouri with the sole purpose of ensuring the environmentally safe availability of fuel containing ethanol blends of E15 or higher or biodiesel B6 or higher.

2a. Provide an activity measure(s) for the program.

Note 1: Funding distributions received in FY 23 & FY 25 only.

Note 2: For FY 26 & FY 27, the grant recipients are required to report 3 years prior to the completion of their grant.

State Services	
MODOT - Kirkwood Historic Train Station	

Safety - moving Missourians safely.

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system.

1b. What does this program do?

The historic station located in Kirkwood, MO has plans to make improvements to their station. This station is located on the Missouri River Runner route. Funding for this project will assist them in completing the station improvements.

2a. Provide an activity measure(s) for the program.

In 2021, ridership was severely impacted by the COVID-19 pandemic. The 2025 and 2026 projections are based on a 10 percent increase each year over the 2024 actuals.

American Rescue Plan Act State Services MODOT - Kirkwood Historic Train Station 2b. Provide a measure(s) of the program's quality. PROGRAM DESCRIPTION AB Section(s): 20.835 AB Section(s): 20.835

Amtrak measures customer satisfaction based on criteria including safety, ride quality, train cleanliness, train crew helpfulness, food, price and on time performance. The 2024 projection is the four year average of customer satisfaction with the Missouri River Runner. The 2025 projection was established by projecting a two percent improvement from the four year average of customer satisfaction with the Missouri River Runner.

2c. Provide a measure(s) of the program's impact.

In 2021, ridership was severely impacted by the COVID-19 pandemic. The 2025 projection is based on a 10 percent increase over fiscal year 2024 actual trips. The 2026 projection is based on a 10 percent increase over fiscal year 2025 projected trips.

PROGRAM D	DESCRIPTION
American Rescue Plan Act	AB Section(s):20.841
State Services	·
MODOT - Buffalo Municipal Airport	

Safety - moving Missourians safely.

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system.

1b. What does this program do?

The city of Buffalo has a desire to install a fuel system at the airport. The airport currently does not have fuel services. Fuel services at the airport would improve safety and help the airport become more self-sufficient. Any remaining funds will be utilized to maintain the airport pavements.

2a. Provide an activity measure(s) for the program.

The 2025 and 2026 projections for airports eligible to receive funding are based on all 68 airports that could receive federal AIP funding through the State Block Grant Program. Of the 68 airports, only 64 will receive ARPA funding. The 2025 and 2026 projections for airports receiving funding are based on the average of actuals for the last four years.

American Rescue Plan Act State Services MODOT - Buffalo Municipal Airport American Rescue Plan Act AB Section(s): 20.841 AB Section(s): 20.841

2b. Provide a measure(s) of the program's quality.

All projects using federal or state aviation funds are reviewed by MoDOT prior to bid advertisement. Grant funding for the project is provided after the bid award. The 2025 and 2026 projections are based on the average of actuals for the last three years.

2c. Provide a measure(s) of the program's impact.

This includes all public airport runways that are eligible to receive federal or state aviation funds. The 2024 and 2025 projections are considered the ideal percent of pavement in good condition.

PROGRAM DESCRIPTION				
American Rescue Plan Act	AB Section(s): 20.841			
State Services				
MODOT - Buffalo Municipal Airport				

2d. Provide a measure(s) of the program's efficiency.

Aviation projects are programmed or budgeted in the department's Statewide Transportation Improvement Program (STIP). Once a project is awarded and work begins, final project costs can change from the original programmed cost in the STIP. Aviation project cost changes are usually caused by final quantity adjustments, federal inspections, subgrade issues or other additional construction phase service costs. The 2025 and 2026 projections are based on the average of actuals for the last three years.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PF	OGRAM DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.845
Public Health / Negative Economic Impact	
DSS - St. Louis Family Forward Campus	

Develop community based resources to serve children in state custody.

1b. What does this program do?

Establishes a campus that provides training and research on trauma informed services as well as expending access to services to children and families who are victims of severe trauma, in St. Louis, provided that local match be provided in order to be eligible for state funds.

2a. Provide an activity measure(s) for the program.

This project is to construct a new facility for Family Forward, increasing capacity and improving services provided.

2b. Provide a measure(s) of the program's quality.

Family Forward will track the stability of placements, ensure that caregivers are equipped to support children's development and wellbeing, and whether there is a reduction in challenging behaviors for children, as well as whether they have increased their life skills.

2c. Provide a measure(s) of the program's impact.

Family Forward anticipates this facility will allow them to increase the number of children and families served by up to double the previous capacity.

2d. Provide a measure(s) of the program's efficiency.

After 6 months of treatment, 76% of children who participated have maintained or improved their level of functioning from intake. 99% of children remained free from substantiated incidents of child abuse or neglect. 99% of children had no out-of-home placements due to the need for residential treatment or hospitalization for mental health. 96% of parents or caregivers gained knowledge and demonstrated healthy practices for positive parenting.

PROGRAM [DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.847
State Services	
DHEWD - MU - Missouri Foundation Seed	
	·

Agricultural Research

1b. What does this program do?

The purpose of the University's Missouri Foundation Seed program is to increase and distribute agronomically superior varieties of seed and propagating materials released by the University of Missouri and other universities for the benefit of Missouri agriculture and the citizens of this state and beyond. The program will focus on updating its infrastructure and equipment to modernize the program to better serve the citizens of the state.

2a. Provide an activity measure(s) for the program.

The Missouri Foundation Seed has identified the following activities related to updating its infrastructure and equipment: 20 Conical Grain Bins - multiple sizes - \$12,000/ea; Combine - Pneumatic cleaning - N. Holland, Win. Steiger, Zurn, Kincade; Case 12 Row Drum Style Planter - Used 2 Tractors (200 to 250 HP) Front Wheel Assist - \$200,000 each; Forklift; Hopper Bottom Trailer; Pickup Truck; GPS guidance for planting and harvest; Augers (2) - 1 swing away; Belted Conveyors (2); ALMACO Large Plot Thresher; Proboxes or Steel containers; Seed Cleaning Equipment; Seed Treatment Equipment; New Bagging Equipment; Delta Center MFS Improvements; Color Sorter; New Building for Cleaning Equipment; Costs for Construction & Design Planning

2b. Provide a measure(s) of the program's quality.

Missouri Foundation Seed is known in Missouri and beyond for their quality seeds. These seeds originate primarily based on the work of plant breeders in the College of Agriculture, Food and Natural Resources. More data will be provided for the activities under 2a in FY23.

2c. Provide a measure(s) of the program's impact.

Missouri Foundation Seed is working with Missouri Soybean Merchandizing Council in brining the non-GMO high Oleic soybean to the market. In addition,

PROGRAM D	ESCRIPTION
American Rescue Plan Act	AB Section(s):20.847
State Services	
DHEWD - MU - Missouri Foundation Seed	

2d. Provide a measure(s) of the program's efficiency.

The program accomplishes all of its success with outdated equipment and facilities and a small crew of two full-time and two part-time staff. The production of seeds is different from producing a grain crop. Quality (and purity) is extremely critical in being able to sell the crop as seeds. Care should be taken in every step of the way, in planting, rouging, harvesting, cleaning, treating, bagging and shipping the seeds to customers. The small crew does it with precision and efficiency.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM	DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.848
Public Health / Negative Economic Impact	
DHEWD - STL Metropolitan Employment and Training Center	

Diversify employer workforce and assist youth with career skills.

1b. What does this program do?

The MET Center offers numerous short- and long-term academic skills enhancement and GED programs. In order to continue its work, major repairs and renovations to the facility are necessary.

2a. Provide an activity measure(s) for the program.

- Addition of a second elevator and tuckpointing of the building's brick façade.
- A new roof is needed over a portion of the high bay area with needed upgrades to the high bay lighting.
- New LED lighting will significantly reduce the electric costs for the Center.
- Needed repairs and restriping to the parking lot are warranted.
- -Upgrades to the HVAC systems and the establishment of consistent Wi-Fi connectivity are part of the need to provide a quality learning/training environment.
- -Updates to flooring and painting.

2b. Provide a measure(s) of the program's quality.

Completion of necessary improvements to the facility.

2c. Provide a measure(s) of the program's impact.

Completion of necessary improvements to the facility.

2d. Provide a measure(s) of the program's efficiency.

Timeliness of completing improvements to the facility.

PROGRAM D	ESCRIPTION
American Rescue Plan Act	AB Section(s): 20.849
State Services	
MODOT - Carrollton Amtrak Station	

Safety - moving Missourians safely.

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system.

1b. What does this program do?

The city of Carrollton, MO has a desire to construct a station along the route of Amtrak's Southwest Chief which provides passenger rail service between Chicago, IL and Los Angeles, CA. Funding from this program will assist the city with some of the costs to establish a station.

2a. Provide an activity measure(s) for the program.

In 2021, ridership was severely impacted by the COVID-19 pandemic. The 2025 and 2026 projections are based on a 45.2 percent increase over fiscal year 2024 actual trips.

PROGRAM DESCRIPTION American Rescue Plan Act State Services MODOT - Carrollton Amtrak Station AB Section(s): 20.849 20.849

2b. Provide a measure(s) of the program's quality.

The 2024 projection is the four year average of actual customer satisfaction with the Southwest Chief. The 2025 projection was established by projecting a two percent improvement from the 2024 projection.

2c. Provide a measure(s) of the program's impact.

There are currently 13 Amtrak stations in Missouri. The projections for 2025 and 2026 are based off of all 13 stations receiving funds for improvements.

		DESCRIPTION

State Services		
DA - Springfield Public School Ag & Youth Education Center Building Empire Fairgrounds		

1a. What strategic priority does this program address?

Helping youth involved in agriculture, improving the fairgrounds facilities and infrastructure, and preserving Southwest Missouri's rich agricultural heritage.

1b. What does this program do?

This project was added as a pass-through funding to the Springfield Public School district for the fairgrounds. These fairgrounds provide year-round entertainment, education, and serve as an event venue that can be rented. The fairground hosts events such as youth educational programs, charity fundraisers, youth archery tournaments, livestock shows, community expos, business showcases, and festivals.

Funding will be used for a new building at the fairgrounds with a total estimated cost of \$12M-\$15M. This building will feature a 93,000 sq. ft. arena which will seat 2,800-6,800 guests, and a 20,000 sq. ft. lower level youth ag education center, concessions, and a catered mezzanine. This project requires local match in order to be eligible to receive state funding. The Ozark Empire Fair Foundation is fundraising to support a portion of the construction costs.

2a. Provide an activity measure(s) for the program.

Completion of the project and disbursement of funding by December 31, 2026 as required per federal guidelines.

2b. Provide a measure(s) of the program's quality.

Completion of the project based on the planned specifications.

2c. Provide a measure(s) of the program's impact (continued).

In addition to investing millions of dollars into the local economy, the Ozark Empire Fairgrounds and Event Center (OEFEC) draws visitors to the Springfield area who may not otherwise visit the city. In 2019, OEFEC recorded 608,000 visitors attended events throughout the year at the fairgrounds. The Ozark Empire Fair Foundation actively awards grants, scholarships, and premiums each year, and to date has awarded more than a million dollars to youth in agriculture in Southwest Missouri. The fairgrounds collaborate with community organizations by providing the facilities free of charge for events such as Crosslines Holiday Center, Springfield Fire Department Driving Training, Freedom Fest, 4-H Pie Auction and more. Additionally, they partner with Hillcrest High School's Special Ed Life Training Course, Community Alternative Sentencing Program (CASP), Convoy of Hope, Northside Betterment Association Attendance Party, Springfield Greene County Library Book Sale, and many others.

2d. Provide a measure(s) of the program's efficiency.

Project is completed within budget.

PROGRAM DESCRIPTION	
scue Plan Act AB Section(s): 20.855	
/ Negative Economic Impact	
pia Voluntary Action Agency	
/ Negative Economic Impact	

Bolster support of Missouri resource families.

1b. What does this program do?

Provides funds for the planning, design, maintenance, or construction of the Columbia Voluntary Action Center to expand and develop The Opportunity Campus, which is an emergency shelter, community resource center, and a medical clinic.

2a. Provide an activity measure(s) for the program.

This program will result in the construction of the Opportunity Campus in Columbia to provide expanded and improved services. The emergency shelter will serve around 500 individuals each year and the resource center and medical clinic will provide services and resources to approximately 7,000 people annually.

2b. Provide a measure(s) of the program's quality.

To provide individuals who experience homelessness with support services, resources, and a quick transition to permanent housing. Once a client is placed in the shelter, they will no longer be considered or counted as unsheltered. Also, the days in the shelter until the client is in permanent housing will also be counted. The few days a client stays in the shelter, means a greater turnover rate of beds and the opportunity to house additional homeless clients.

2c. Provide a measure(s) of the program's impact.

The Opportunity Campus is to respond to the needs of Columbia's homeless neighbors through compassionate care and housing case management services provided by the emergency shelter with quick placement to permanent housing. They will also provide case management and wraparound services all in one location, which will improve efficiencies and expand each organization's service delivery.

2d. Provide a measure(s) of the program's efficiency.

The transition to permanent housing will be effective, seamless, and enduring with low barrier conditions to participants in the program. Savings to communities by lowering the fees associated with caring for the homeless (emergency room visits, incarcerations, and loitering).

DSS - Urban League Workforce Development	_

Safety and well-being for children and youth.

1b. What does this program do?

Provides funds for the repair and renovation of a facility for Urban League in St. Louis, provided that local match be provided in order to be eligible for state funds.

2a. Provide an activity measure(s) for the program.

This project will result in capital improvements for the Urban League in St. Louis, resulting in increased economic opportunities, educational excellence for children, community empowerment, and civil rights and advocacy.

2b. Provide a measure(s) of the program's quality.

Urban League's services will help families support themselves, increase individuals self worth, and help ensure families and individuals live in thriving communities.

2c. Provide a measure(s) of the program's impact.

This project will help participants secure economic self-reliance, social equality, and civil rights for themselves and community members.

2d. Provide a measure(s) of the program's efficiency.

Services provided will help families and individuals become productive and self-reliant, allowing them to give back and improve their communities.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):20.859
Public Health / Negative Economic Impact	
DSS - Covering House	

Safety and well-being for children and youth.

1b. What does this program do?

Provides funds to renovate a facility gifted to Covering House, a nonprofit agency that provides therapeutic recovery services to survivors of child sex trafficking, located in St. Louis County, provided that local match be provided in order to be eligible for state funds.

2a. Provide an activity measure(s) for the program.

This program will result the completion of capital improvements to The Covering House facility, resulting in improved and expanded services.

2b. Provide a measure(s) of the program's quality.

Upon completion of the facility, 75% of clients who received at least 12 therapy sessions, displays new and enhanced life skills and capacity to complete everyday activities. 50% of clients who received at least 12 therapy sessions, decrease in negative behaviors and symptoms. 75% of clients who received at least 12 therapy sessions will have strengthened their coping/resiliency skills.

2c. Provide a measure(s) of the program's impact.

Upon completion of the facility, participants will receive, client data will be measured at intake, quarterly (as a client), discharge, and up to 18 months in aftercare to demonstrate the successfulness of the program. Children and youth experience fewer emotional and/or behavioral symptoms. Children and youth effectively manages behaviors. Children and youth strengthen coping/resiliency skills. Children and youth gain knowledge about safe and healthy relationships. Children and youth achieve safe and stable shelter or housing. Children and youth demonstrate new and enhanced independent living/life skills.

2d. Provide a measure(s) of the program's efficiency.

Upon completion of the facility, participants will receive clinically formal assessments (Y-OQ 2.0SR); weekly check-ins, weekly treatment team meetings, weekly evaluative tool directly from the clients, and narrative reports.

DHEWD - S. KC Chamber Workforce Development Center			

The program will address the workforce and economic needs of businesses in the South Kansas City, MO area through:

Job Seeking Assistance

- Onsite staff and resources will allow prospective employees to market themselves to prospective employers. Case managers, primarily from the Full Employment Council (FEC), will be available onsite several days per week to provide guidance and direction to community members interested in finding a job.
- Computer equipment will be available 5 days per week to allow community members to register to be in the FEC employee database, sign up for counseling assistance, and register for community job fairs and other employment events, and to learn about and enroll in training programs.

Training

- Training and education programs will be offered onsite by various partner organizations, including colleges and job training organizations.
- Training opportunities will be available in areas such as leadership training, skills training (both industry specific and general), and soft skills (such as communications, collaboration). The facility will also be available for customized training specific to individual businesses.
- Training programs that provide Industry Recognized Credentials will also be provided through partnerships with local colleges.

Entrepreneurship

Support programs will be provided for entrepreneurs including training programs and mentoring opportunities.

PROGRAM DES	SCRIPTION
American Rescue Plan Act	AB Section(s):20.869
Public Health / Negative Economic Impact	
DSS - Emmanuel Youth Center	_

Safety and well-being for children and youth.

1b. What does this program do?

Provides funds for the construction of a new building for Emmanuel Youth Center, a family and child development center that provides early childcare services, before and after school programs that provide youth assistance, education, and resources located in Kansas City, provided that local match be provided in order to be eligible for state funds.

2a. Provide an activity measure(s) for the program.

This program will result the construction of a new facility for the Emmanuel Youth Center, resulting in improved and expanded services for youth in the Kansas City area.

2b. Provide a measure(s) of the program's quality.

Upon completion, this facility will help ensure that children are safe, while gaining an education and life skills. This will aid parents in gaining employment and increasing productivity, while knowing their children are cared for. 80% of students stated they experienced positive peer relationships. 90% of students stated that we have a welcoming environment. 82% stated that we have supportive staff and youth relationships.

2c. Provide a measure(s) of the program's impact.

Upon completion, the Emmanuel Youth Center will provide year round out-of-school programming for low-income youth. Additionally, this will help reduce blight in the area, which will create opportunities for businesses to come in and give back to this particular community. Increased enrollment of students in the Summer and Year-around program. Retention of students in the after-school program. Qualitative data: Independent Evaluator Interviews.

2d. Provide a measure(s) of the program's efficiency.

Increased number of early childhood services provided to participants, participants enrolled in the before and after school program, low-income children gaining education, and their parents seeking employment. Operational efficiency: sustained relationships with partners who provide in-kind services. Summative Assessments: improved student grading progress reports. Teacher's qualification and experience. Observable phenomena: improved interactions with teachers and students, engaging educational activities, parent-involvement, and attendance in family-centered events.

LGO - Starlight Theatre	

1a. What strategic priority does this program address?

Enriching Missouri by presenting outstanding live performances in Kansas City's premier entertainment landmark, where performing arts share center stage with education.

1b. What does this program do?

This project was added as a pass-through funding for capital improvements and programmatic expansion for Starlight Theatre in Kansas City. This project requires match be provided in order to be eligible for state funds. Starlight Theatre is a nonprofit performing arts center that delivers accessible live entertainment for all audiences, superior theatre arts education, impactful outreach programs and events that utilize the venue, and helps sustain community engagement programming that impacts nearly twenty-five thousand local residents each year,

2a. Provide an activity measure(s) for the program.

Completion of the project and disbursement of funding by December 31, 2026 as required per federal guidelines.

2b. Provide a measure(s) of the program's quality.

Completion of the project based on the planned specifications.

2c. Provide a measure(s) of the program's impact (continued).

Producing, presenting and promoting an exceptional arts experience by delivering accessible live entertainment for all audiences, superior theatre arts education, impactful outreach programs and events that utilize this iconic city-owned venue.

2d. Provide a measure(s) of the program's efficiency.

Project is completed within budget.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.900
State Services		
DNR - Administration	_	

1a. What strategic priority does this program address?

The Department of Natural Resources helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:

- Promoting environmental responsibility and resource stewardship.
- Enhancing services, information, and communication to improve customer experience.
- · Modernizing community infrastructure, strengthening workforce, and supporting economic development.
- Improving internal processes to better serve our customers.

1b. What does this program do?

This request encompasses DNR funding needs for administrative and certain programmatic salary and E&E needs related to American Rescue Plan Act (ARPA) funding. All ARPA funds must be obligated by December 31, 2024 and spent by December 31, 2026.

In addition to separately-appropriated DNR ARPA program/pass-through funding that included corresponding administrative costs (e.g. water infrastructure and lead service-line inventories and the Missouri Hydrology Information Center), the department has identified additional administrative and oversight needs related to historic preservation, state parks, and accounting support.

State Historic Preservation Office (SHPO): ARPA will provide an increased availability of new federal funds to local communities and other state agencies. Coordination and management of natural and cultural review activities are required for historical preservation regulations. Funding is also provided to coordinate and manage the increase in Section 106 applications and subsequent review and monitoring of applications and activities. SHPO Section 106 reviews, as required by the National Historic Preservation Act (NHPA) of 1966, are required for all actions when federal funding, licenses, permits, or projects that take place on federal land are involved to determine if the project has the potential to affect historic properties. Reviews are required for any area of potential effect to the geographic area(s) within which an undertaking (any project, activity, or program funding in whole, or in part, under the direct or indirect jurisdiction of a Federal agency) may directly or indirectly cause alterations in the character or use of historical properties, if any such properties exist. This funding is critical to address the coordination of these efforts.

<u>Missouri State Parks</u>: ARPA-funded drinking water and wastewater projects within the parks system are designed to improve the effective operation of our Missouri state parks, historic sites, and campgrounds as well as the overall guest satisfaction for more than 20 million annual visitors and approximately 1.2 million overnight guests. Operating costs have been identified to support the coordination and management of these important improvement projects.

Accounting: Support will be required to ensure all DNR ARPA tracking and reporting is accurate, timely, and has met all requirements.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.900
State Services	<u> </u>
DNR - Administration	_

2a. Provide an activity measure(s) for the program.

Number of work efforts completed will be measured to show the success of the department's various ARPA goals.

2b. Provide a measure(s) of the program's quality.

The department is open to citizen input and wants to deliver products to citizens that will improve their lives and protect our natural resources. Surveys, best practices, and standards of other states may also be utilized.

2c. Provide a measure(s) of the program's impact.

At the forefront of all department activities will be the completion of the various ARPA-funded projects.

2d. Provide a measure(s) of the program's efficiency.

Well planned, communicated, and fiscally responsible efforts will be measured so projects run smoothly, saving tax payer dollars while achieving outstanding results.

PROGRA	AM DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.900
State Services	<u> </u>
OA - ARPA Program Administration Staffing	

1a. What strategic priority does this program address?

OA - Accounting, Purchasing, and FMDC identified staffing needs based on the contracting, accounting, and capital improvement workload increases associated with ARPA funding.

1b. What does this program do?

OA staff provide statewide payment processing functions, ARPA reporting functions, statewide contracting functions, and oversight of new construction, renovations, maintenance and repair projects at state facilities through capital improvement appropriations for all state agencies (excluding MODOT, Conservation, and colleges and universities.)

2a. Provide an activity measure(s) for the program.

The number of payments processed, contracts issued, required federal reporting completed, and capital improvement projects completed.

2b. Provide a measure(s) of the program's quality.

OA - Accounting provides statewide ARPA payment processing, provides information related to allowable expenditures, reporting requirements for various ARPA categories, and helps guide agencies through entry of information into the ARPA portal. OA - Purchasing provides state agencies with expertise related to state contracting and various contracting options and avenues for getting new funding out for its intended purpose. The Division of Facilities Management, Design and Construction (FMDC) strives to provide a superior workplace environment for state occupants and their visitors and protect the state's investments in property assets. FMDC strives to provide agencies with the information and resources that will support their development of high-performance workplaces -- workplaces that will meet agencies' business needs and can be readily adapted to changing workplace practices and strategies. The aspiration of FMDC is to deliver best-in-class capital solutions.

2c. Provide a measure(s) of the program's impact.

Based on the ARPA workload, additional staffing for ARPA projects will ensure payments are processed on time, reporting deadlines are not missed, contracts are issued as requests from state agencies are received, and ARPA projects are completed with disbursement of funding by December 31, 2026 as required per federal guidelines.

PR	ROGRAM DESCRIPTION
American Rescue Plan Act	AB Section(s):20.910
State Services	
MODOT - Elderly & Handicapped Transport Assistance	

1a. What strategic priority does this program address?

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system

1b. What does this program do?

This appropriation is needed for the capital assistance program for eligible transit agencies supporting the transportation of the elderly, individuals with disabilities, and low-income individuals participating in the Federal Transit Administration's Section 5310 program. The Section 5310 program provides federal funding to transportation service providers for capital and operating projects that enhance the mobility of older adults and persons with disabilities that have limited access to their communities (medical, employment, shopping, etc.) where public transportation is unavailable, insufficient, or inappropriate in Missouri's urban and rural areas of the state. MoDOT administers the Section 5310 program as a capital and operating program for such agencies as developmental disability resource boards (Appropriation Bill 40 boards), sheltered workshops, senior citizen services boards (Appropriation Bill 351 boards), senior centers, as well as not-for-profit medical service agencies. Projects funded under this program must be derived from a locally developed Coordinated Public Transit - Human Services Transportation Plan. Funding is based on yearly applications submitted to MoDOT.

2a. Provide an activity measure(s) for the program.

Agencies participating in the Section 5310 program are required to participate in a coordinated public transit human services transportation plan. Section 5304 planning funds are used to develop coordinated plans that include projects applied for by Section 5310 sub-recipients. Participating agencies are required to renew their plans once every four years. Additional federal funding and staffing shortages have led to delays in transportation planning renewals in 2021, 2022 and 2023. In 2024, an increase in awards occurred due to the hiring of additional staff. The 2025 and 2026 projections are based on an 18 percent increase over the number of agencies receiving awards in fiscal year 2024.

PROGRAM I	DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.910
State Services	
MODOT - Elderly & Handicapped Transport Assistance	

2b. Provide a measure(s) of the program's quality.

The Federal Transit Administration's Section 5310 formula grants provide capital and operating assistance to transportation service providers serving the mobility needs of senior citizens and/or persons with disabilities in Missouri's urban and rural areas of the state. A deficiency is a violation of a Federal Transit Administration (FTA) or state requirement, which requires corrective action by a pre-determined date in order to maintain eligibility for transit funding programs. The 2024 and 2025 projections are based off an approximate 10 percent reduction from the prior year of deficiencies in any category greater than no deficiencies.

Average Cost per Trip for Mobility Services to Seniors & Persons with Disabilities						
	Fiscal Year 2020	Fiscal Year 2021	Fiscal Year 2022	Fiscal Year 2023	Fiscal Year 2024	Fiscal Year 2025
Actual	\$9.48	\$12.77	\$36.20	\$22.92		
Projected	\$8.66	\$8.89	\$8.89	\$36.20	\$22.92	\$22.92

The cost per trip in 2021 was higher due to the COVID-19 pandemic. The cost per trip in 2022 was higher due to increase in operating expenses incurred by agencies as it relates to salaries, vehicle maintenance, fuel, etc. In 2023, trips were down by five percent and operating cost were down by approximately 40 percent, resulting in a cost per trip reduction. The 2024 and 2025 projections are based on the fiscal year 2023 actual. Fiscal year 2024 data was not available at time of publication.

Agencies participating in the Section 5310 program are required to develop coordinated public transit human services transportation plans. Section 5304 planning funds are used to develop coordinated plans for Section 5310 sub-recipients shown above. A one-way trip occurs every time an individual boards a bus. In 2021, one-way trips declined significantly due to the COVID-19 pandemic. For 2023, one-way trips for seniors and persons with disabilities declined from 2022 due to driver shortages, rise in operational cost and transit vehicle chassis availability. As a result, the 2024 and 2025 projections are based on ridership returning to 2020 ridership levels. Fiscal year 2024 data was not available at time of publication and will be released in fall of 2024.

□Projected

■Actual □

2d. Provide a measure(s) of the program's efficiency.

Compliance reviews can consist of 20 different review areas. Some of the review areas include: Project Management, Procurement, Asset Management, Equal Employment Opportunity, Americans with Disabilities Act, Drug and Alcohol Compliance, Discrimination, etc. A deficiency is a violation of an FTA or state requirement, which requires corrective action by a pre-determined date. Compliance reviews at a minimum are conducted once every three years and based on a risk-based approach. Note that on-site compliance reviews were shifted to virtual reviews in March of 2020, through 2021 due to the COVID-19 pandemic. The high rate of deficiencies in 2022 was the result of on-sight reviews resuming, resulting in finding many deficiencies in organizations across the board. In 2023, MoDOT expanded the oversight on drug and alcohol programs, resulting in finding many deficiencies in organizations across the board. Future deficiency rates are expected to return to pre-COVID-19 levels, so the 2024 and 2025 projections are based off of the average of the last four calendar years of deficiencies per review.

State Services	
MODOT - Elderly & Handicapped Transport Assistance	

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

- 4. What are the sources of the "Other " funds? N/A.
- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

 Article IV, Section 30(c) MO Constitution, 33.543 RSMo.
- 6. Are there federal matching requirements? If yes, please explain.

Yes, this program requires an 80 percent federal match.

7. Is this a federally mandated program? If yes, please explain.
No.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.912

MODOT - I-35, I-29, Highway 169 Improvements

1a. What strategic priority does this program address?

Safety - moving Missourians safely.

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system.

1b. What does this program do?

This appropriation is needed for expenditures associated with the planning, design, construction, reconstruction, rehabilitation, and repair of Interstate 35, Interstate 29, and Highway 169 in Clay, Jackson, and Platte counties. These funds are matched by federal funds.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.912
MODOT - I-35, I-29, Highway 169 Improvements	

2b. Provide a measure(s) of the program's quality.

Data is collected through biennial survey conducted by a consultant. For 2023, the survey was offered through texts sent to randomly selected adult Missourians in each county to obtain a diverse sample across Missouri. Approximately 5,000 completed responses were obtained. The question surveyed was, "How satisfied are you with the job the Missouri Department of Transportation is doing?" The benchmark data is from the American Customer Satisfaction Index, a national cross-industry measure of customer satisfaction in the United States. The 2025 projection is equal to the 2023 benchmark score of 86 percent. The 2027 projection was established by projecting a three percent improvement from the benchmark. No survey was conducted in calendar years 2018, 2020, 2022 and 2024.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s):20.912
MODOT - I-35, I-29, Highway 169 Improvements	

Data is collected through biennial survey conducted by a consultant. For 2023, the survey was offered through texts sent to randomly selected adult Missourians in each county to obtain a diverse sample across Missouri. Approximately 5,000 completed responses were obtained. The question surveyed was, "How satisfied are you with MoDOT's efforts to keep bridges in good condition?". Overall satisfaction for the years above was calculated by adding the very satisfied and the satisfied responses. The 2025 and 2027 projections were established by projecting a two and five percent increase from the 2023 survey, respectively. No survey was conducted in calendar years 2018, 2020, 2022 and 2024.

2c. Provide a measure(s) of the program's impact.

The projections for this measure are based on the statewide asset management plan and reflect the department's goal of maintaining current conditions. These are set by the department and will not change unless policy changes, regardless of performance. Currently, good comparison data is not available because states measure the condition of major and minor highways using a variety of methods.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.912
MODOT - I-35 I-29 Highway 169 Improvements		

The projections for this measure are based on the statewide asset management plan and reflects the department's goal of maintaining current conditions. These are set by the department and will not change unless policy changes, regardless of performance. Currently, good comparison data is not available because states measure the condition of major and minor highways using a variety of methods. Data for calendar year 2020 will not be available because MoDOT was unable to measure the condition of these roads due to the COVID-19 pandemic.

MoDOT's goal is to reduce the number of bridges in poor condition. The projections reflect the department's asset management goal of 900 or less bridges in poor condition. Ohio has been selected for comparison due to its similar demographics, geography and weather conditions. Ohio's total number of state highway bridges is approximately 200 less than Missouri. Ohio's bridges in poor condition was 196 in 2020, 176 in 2021, 179 in 2022 and 169 in 2023.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.912	
MODOT - I-35, I-29, Highway 169 Improvements		

2d. Provide a measure(s) of the program's efficiency.

Construction projects are programmed or budgeted in the department's Statewide Transportation Improvement Program (STIP). Once a project is awarded and work begins, final project costs can change from the original programmed cost in the STIP. Construction project cost changes are usually caused by final quantity adjustments, weather, subgrade issues or other additional construction phase service costs. The target is zero percent difference, indicating MoDOT is making timely use of available funds.

MoDOT works to meet the initial contract completion date by preparing accurate plans and quantities and setting aggressive but reasonable completion dates. Occasionally, an authorized extension of the completion date is required for things like weather or additional work. This measure tracks the percentage of road and bridge projects completed by the commitment date originally established in the contract. MoDOT's target is 80 percent.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):20.912	
MODOT - I-35, I-29, Highway 169 Improvements		

Full-time equivalent (FTE) is the total number of hours worked or on paid leave divided by 2,080. The ratio in this measure was calculated by dividing the FTEs in the Census Bureau - 2023 Annual Survey of Public Employment and Payroll, by the estimated number of lane miles in the 2022 FHWA report of State Highway Agency-Owned Public Roads (HM-81). A low ratio means MoDOT is efficiently maintaining roadways with limited resources. The projection is based on budgeted FTEs.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

American Rescue Plan Act	AB Section(s):20.920
State Services	· /
OA - Automated External Defibrillator (AED) Purchases	
	_

1a. What strategic priority does this program address?

This item provided funding to equip state office buildings with automated external defibrillators (AEDs). An automated external defibrillator is a lightweight, portable device that delivers an electric shock through the chest, to the heart, when it detects an abnormal cardiac rhythm and returns the rhythm to normal. AEDs can help save lives during a cardiac arrest. A person's chance of survival during a cardiac arrest decreases 7-10% for every minute without immediate

1b. What does this program do?

The need for AEDs in state office buildings is part of the Safety Program within the Office of Administration's Facilities Management, Design & Construction Division (FMDC). The goal is to promote a worker and workplace health and safety culture for training, assistance with regulation compliance, and anticipating,

2a. Provide an activity measure(s) for the program.

Placement of AEDs in all state facilities.

2b. Provide a measure(s) of the program's quality.

This funding will allow for AED placement in state facilities.

2c. Provide a measure(s) of the program's impact.

Healthier and safer working environment for all state employees.

2d. Provide a measure(s) of the program's efficiency.

The safety coordinator in each building will need to ensure that staff in the building are aware of the location of AEDs and that there are staff in each building trained to use AEDs when neccessary.

American Rescue Plan Act	AB Section(s): 20.925	
State Services		
MDA - Meat and Poultry Inspection Team Vehicles		

1a. What strategic priority does this program address?

Empowering MORE and Feeding MORE by enforcing food safety statutes to help producers, processors, and consumers by ensuring safe, wholesome, and properly labeled meat and/or poultry products.

1b. What does this program do?

Missouri Department of Agriculture's Meat and Poultry Inspection Program (MDA's MPIP) is designed to:

- Ensure licensed, inspected facilities produce meat and poultry products that are safe, wholesome, and correctly labeled.
 - o This is done by providing the following inspection services to state inspected establishments:
 - § Ante-mortem
 - § Post-mortem
 - § Processing
- Conduct frequent sanitation reviews of Custom Exempt establishments throughout the state.
 - o Custom Exempt facilities are those that:
 - § Slaughter and prepare livestock carcasses and parts delivered by the owner.
 - § Exclusively for the use in the household of such owner.
- Provide livestock producers and meat processors the opportunity to add value and capture profits from meat and poultry products.
- Monitor meat and poultry products in commerce and provide outreach to key stakeholders.
 - o Educate and register individual who sell meat and poultry.
 - o Review retailers who sell directly to the public to ensure product is labeled correctly and properly stored.

MDA - Feed Contol Laboratory Remodel and Equipment	

1a. What strategic priority does this program address?

Empower MORE in the feed & seed industry and consumers of feed & seed products.

1b. What does this program do?

- Protects farmers, consumers, and industry through oversight of truth in labeling laws of feed and seed.
- Collaborates with the Food and Drug Administration to establish and maintain an integrated food safety system.
- Cooperates with the Unites States Department of Agriculture to ensure compliance with federal seed laws and seed commerce.
- Provides laboratory testing for food safety by identifying chemical toxins and residue medication in feed.
- Provides laboratory testing of feed samples to ensure nutritive guarantees are met.
- Provides laboratory testing of seed samples to ensure seed quality guarantees are met.
- Ensures export capability of feed and seed products by providing required inspections.
- Maintains a safe food supply through inspections.
- For compliance with the Missouri Commercial Feed Law:
 - Prohibited Materials in Ruminant Animal Food (BSE) requirements (21 CFR § § 589.2000-2001).
 - Current Good Manufacturing Practices (cGMP) for Medicated Feeds requirements (21 CFR part 225).
 - > cGMP, Hazard Analysis, and Risk Based Preventive Controls for Food for Animals (PCAF) requirements (21 CFR part 507).
 - Food Facility Registration (21 CFR part 1, subpart H) Medicated Feed Mill Licensing and Registration (21 CFR § 558.4) and Veterinary Distributor Notification requirements.
 - Veterinary Feed Directive (21 CFR § 558.6).
 - Animal Food Subject to FD&C Act Adulteration Provision (21 U.S.C. 342).

PROGRAM DESCRIPTION			
American Rescue Plan Act	AB Section(s):	20.935	
State Services	- -		
MDA - Weights & Measures Octane Engine Upgrade	_		

1a. What strategic priority does this program address?

Reach MORE and empower MORE consumers.

1b. What does this program do?

- Obtain and analyze samples of petroleum products, fuel ethanol, and biodiesel sold, stored, or offered for sale in Missouri.
- Ensure all motor fuels meet minimum quality standards.
- Provide economic benefit to consumers and businesses by ensuring they receive quality fuels at the lowest possible cost.
- Participate in regional and national consensus organizations, such as Central Weights and Measures Association, National Conference on Weights and Measures, and American Society for Testing and Materials (ASTM) International to ensure the uniform application of specifications and test methods for motor fuels.

2a. Provide an activity measure(s) for the program.

- Note 1: Target number of service station inspections during a calendar year is 1,779 with a stretch of 1,797.
- Note 2: Reduced number of inspections is due to configuring a new laboratory information management system and employee vacancies.

PROGRAM DESCRIPTION			
American Rescue Plan Act	AB Section(s):	20.935	
State Services	·		

MDA - Weights & Measures Octane Engine Upgrade

2a. Provide an activity measure(s) for the program (continued).

Number of Sample Fuel Types Collected

Fuels	FY22	FY23	FY24
Gasoline	2282	330	2741
Ethanol Blends > 15%	52	14	72
Methanol/ Racing Fuel	3	2	9
Fuel Ethanol	84	31	115
Aviation Fuels	43	3	84
Diesel	744	160	1326
B100	74	42	76
Kerosene	41	11	53

Note 1: Reduced number of samples collected in FY23 is due to configuring a new laboratory information management system and employee vacancies.

2a. Provide an activity measure(s) for the program (continued).

Note 1: Missouri's FY23 decline in samples tested was due to configuring a new laboratory information management system and employee vacancies.

Note 2: Tennessee sample numbers have not been published for FY24.

PROGRAM DESCRIPTION American Rescue Plan Act State Services MDA - Weights & Measures Octane Engine Upgrade PROGRAM DESCRIPTION AB Section(s): 20.935

2b. Provide a measure(s) of the program's quality.

- Note 1: Missouri's base target of random samples meeting minimum standards is 96.5% and the stretch target is 97.5%.
- Note 2: Missouri's compliance rate for FY24 is lower because the program conducted fewer inspections during FY 23 while configuring a new laboratory information management system.

2c. Provide a measure(s) of the program's impact.

- Note 1: Missouri's compliance rate for FY24 is lower because the program conducted fewer inspection during FY23 while configuring a new laboratory information management system.
- Note 2: Tennessee compliance rate has not been published for FY24.

2d. Provide a measure(s) of the program's efficiency.

- Note 1: Missouri's cost per sample is calculated using total program cost divided by total samples tested.
- Note 2: Higher cost per sample is due to fewer samples for the period and new equipment purchases.
- Note 3: Tennessee cost per sample has not been published for FY 24.
- 3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

MDA - State Land Survey Archive Writer		

1a. What strategic priority does this program address?

Empower MORE surveyors, engineers, real estate professionals, GIS professionals, mappers, and the general public.

1b. What does this program do?

- Develops and provides information for the accurate and economical location of property boundaries for land survey professionals and property owners.
- Receives and processes land survey documents from all Missouri counties and surveyors into a record management system for preservation and accessibility for professionals and the general public.
- Restores and maintains the United States Public Land Survey System (USPLSS). These corners serve as the framework from which all surveyors and property owners must rely on for the determination of all land boundaries since the early 1800s.
- Contracts with county and private surveyors to restore USPLSS corners and to perform county and state boundary surveys.
- Restores and preserves control stations, a network of stations utilized in land surveying, geodetic surveys, cadastral mapping, and Geographic Information Systems.

2a. Provide an activity measure for the program.

Note 1: The number of orders received is affected by housing market trends.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):20.945	
State Services		
MDA - State Land Survey Archive Writer	_	

Note 1: Survey documents include documents received from county recorders, land surveyors, private individuals, and other state agencies. These documents are scanned and indexed into a centralized repository for preservation and convenient retrieval.

Note 2: In the event county-maintained documents have been destroyed by water, fire, and contamination, the Land Survey Repository can restore these records, providing security, and avoiding economic loss to the citizens of those counties and the state.

Note 1: Certified Land Corner Documents are filed to perpetuate the corners of the United States Public Land Survey System.

Note 2: Documents are received from staff surveyors, other state and federal agency surveyors, private surveyors, and from contracting with county and private surveyors.

Note 1: Our program contracts with county and private surveyors to assist in preserving the corners of the United States Public Land Survey System (USPLSS).

Note 2: The number of corners monumented in FY 22 was left out of the computation. In FY 23, the reimbursement for the remonumentation program increased from \$300 to \$350. After the increase was implemented, a substantial increase in participation was seen.

2b. Provide a measure of the program's quality.

Note 1: The customer satisfaction survey requests a rating on the professionalism and responsiveness of the staff and the overall quality of the program.

PROGRAM DESCRIPTION American Rescue Plan Act State Services MDA - State Land Survey Archive Writer

2c. Provide a measure of the program's impact.

Note 1: Of the estimated 257,000 USPLSS Corners in Missouri, the cumulative number of corners restored through FY 24 is 32.43%.

DNR - McCracken Core Library Building	

1a. What strategic priority does this program address?

Provision of government services.

1b. What does this program do?

For land acquisition and demolition of existing structures for a new DNR core library and research center adjacent to the Missouri University of Science and Technology campus.

This project was appropriated for a specific purpose as authorized under the provisions of House Bill 2020, an Act of the 102nd General Assembly, Second Regular Session.

2a. Provide an activity measure(s) for the program.

Completion of the project and disbursement by December 31, 2026, as required per federal grant guidelines.

2b. Provide a measure(s) of the program's quality.

Completion of the project meets all planned specifications.

2c. Provide a measure(s) of the program's impact.

Improvement of government services.

2d. Provide a measure(s) of the program's efficiency.

Project is completed within budget.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s):	20.955
State Services	- -	
DNR - McCracken Core Library Building	_	

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds? N/A.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
HB 2020, Section 20.955 (2024): American Rescue Plan Act (2021) - State and Local Fiscal Recovery Funds.

6. Are there federal matching requirements? If yes, please explain.

7. Is this a federally mandated program? If yes, please explain. No.

PROGRAM DES	SCRIPTION
American Rescue Plan Act	AB Section(s):20.960
State Services	· ,
DPS - Capitol Police Radios	-

1a. What strategic priority does this program address?

Making Missouri safer and more secure.

1b. What does this program do?

Capitol Police is purchasing thirty-five (35) portable radios and eight (8) mobile radios. Portable radios were quoted from the current state contract for \$8,140 per radio, which includes necessary programming, belt clips, microphones, and chargers for each radio. Mobile radios were also quoted from the current state contract for \$7,600 per radio which includes necessary programming, microphones, and required accessories for each Capitol Police fleet vehicle and East Gate location.

2a. Provide an activity measure(s) for the program.

Mobile radios are vehicle-mounted. Each mobile radio is \$7,600. Portable radios are handheld and cost \$8,140 each. MCP plans to use their current contract to cover maintenance costs, at about \$252 per month.

2b. Provide a measure(s) of the program's quality.

Current radios were purchased in 2012 and have reached end of service. New radios will be fully interoperable, MOSWIN-compatible radios allowing communication with other law enforcement agencies and first responders.

2c. Provide a measure(s) of the program's impact.

This purchase will allow each sworn officer to have a radio with several backup radios.

PROGRA	AM DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.960
State Services	
DPS - Capitol Police Radios	

2d. Provide a measure(s) of the program's efficiency.

MCP intends to purchase the radios and roll them out to officers in FY 25.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION	
American Rescue Plan Act AB S	Section(s): 20.975
State Services	
DPS - MSHP Crime Lab equipment	

1a. What strategic priority does this program address?

Strengthening communities.

1b. What does this program do?

The Highway Patrol seeks to increase the number of toxicology instruments it utilizes to improve turnaround time. These are used to test evidence for the presence of alcohol, drugs, or gunshot residue. This funding will procure two (2) scanning electron microscopes (SEMs) to be used at Springfield and Cape Girardeau as well as two (2) liquid chromatograph mass spectrometers in Jefferson City and in Springfield.

2a. Provide an activity measure(s) for the program.

Procurement of the equipment should be completed in FY 25.

2b. Provide a measure(s) of the program's quality.

SEM microscopes typically last around 10 years. Compared to gas chromatography, liquid chromatography is quicker, easier, and able to identify and measure a broader range of chemical compounds.

2c. Provide a measure(s) of the program's impact.

The current SEMs in Springfield and Cape Girardeau are 14 and 18 years old respectively. As these machines age, their ability to reliably analyze evidence deteriorates. Further, the manufacturer no longer offers support for maintenance needs. Liquid chromatograph machines will allow crime labs to process evidence quickly and reliably.

PROGI	RAM DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.975
State Services	
DPS - MSHP Crime Lab equipment	

2d. Provide a measure(s) of the program's efficiency.

The number of toxicology cases have increased each year since 2020, from 4,625 in 2020 to 5,231 in 2023. This equipment will help to reduce the average number of days to process samples.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

State Services	
DESE - Foundation Formula	

1a. What strategic priority does this program address?

Needs-Based Funding & Resources

1b. What does this program do?

The education funding formula is the mechanism used to distribute funds to eligible education agencies. It was adopted in SB 287 (2005) and went into effect July 1, 2006. The formula follows a student needs philosophy and seeks to assure that sufficient funds are available in all districts to provide an adequate education for all students. This also includes payment to remit an amount equal to the amount of revenue a district would have received from Financial Institution Tax Reduction as directed per 163.031, RSMo., Kindergarten Payment per Section 160.051, RSMo., and Article X, Section 21, Fine Reduction payment per 163.038, RSMo., and funding equity for charter schools per 160.415 RSMo.

The weighted average membership is the average September and January membership of the regular school term and summer school plus additional adjustments for counts for students eligible for free or reduced-price lunch, students receiving special education services and students identified as Limited English Proficient. The weighted average daily attendance is the average daily attendance of the regular school term and summer school plus additional adjustments for counts for students eligible for free or reduced-price lunch, students receiving special education services, and students identified as Limited English Proficient. The initial state adequacy target was a calculation of the average 2003-04 expenditures per average daily attendance of the districts identified as successful by meeting all performance standards on the Missouri School Improvement Program Annual Performance Report. The dollar value modifier provides an adjustment to recognize the relative purchasing power of a dollar. The local effort deduction is a calculation of certain actual revenues received in 2004-05 and the amount of tax revenue the district would have received at the \$3.43 performance levy applied to the 2004 assessed valuation. The calculated state adequacy targets were \$6,117 (2007 to 2010), \$6,124 (2011), \$6,131 (2012), \$6,423 (2013), \$6,716 (2014), \$6,580 (2015 to 2016), \$6,241 (2017 to 2018), \$6,308 (2019), \$6,375 (2020 to 2024), \$6,760 (2025), and \$7,145 (2026).

This funding is paid through the Foundation Formula Core found in House Bill 2 for Department of Elementary and Secondary Education (DESE).

2a. Provide an activity measure(s) for the program.

Same as Foundation Formula found in DESE's Core Budget.

2b. Provide a measure(s) of the program's quality.

Same as Foundation Formula found in DESE's Core Budget.

MODOT - Highway 76 Improvements

1a. What strategic priority does this program address?

Safety - moving Missourians safely.

Service - providing outstanding customer service, delivering efficient and innovative transportation projects, and operating a reliable transportation system.

1b. What does this program do?

This appropriation is needed for expenditures associated with the planning, design, and construction of road improvements on Highway 76 in Branson, MO.

2a. Provide an activity measure(s) for the program.

PROGRAM	DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.1090
MODOT - Highway 76 Improvements	-

2b. Provide a measure(s) of the program's quality.

Data is collected through biennial survey conducted by a consultant. For 2023, the survey was offered through texts sent to randomly selected adult Missourians in each county to obtain a diverse sample across Missouri. Approximately 5,000 completed responses were obtained. The question surveyed was, "How satisfied are you with the job the Missouri Department of Transportation is doing?" The benchmark data is from the American Customer Satisfaction Index, a national cross-industry measure of customer satisfaction in the United States. The 2025 projection is equal to the 2023 benchmark score of 86 percent. The 2027 projection was established by projecting a three percent improvement from the benchmark. No survey was conducted in calendar years 2018, 2020, 2022 and 2024.

PROGRA	M DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.1090
MODOT - Highway 76 Improvements	

Data is collected through biennial survey conducted by a consultant. For 2023, the survey was offered through texts sent to randomly selected adult Missourians in each county to obtain a diverse sample across Missouri. Approximately 5,000 completed responses were obtained. The question surveyed was, "How satisfied are you with MoDOT's efforts to keep bridges in good condition?". Overall satisfaction for the years above was calculated by adding the very satisfied and the satisfied responses. The 2025 and 2027 projections were established by projecting a two and five percent increase from the 2023 survey, respectively. No survey was conducted in calendar years 2018, 2020, 2022 and 2024.

2c. Provide a measure(s) of the program's impact.

The projections for this measure are based on the statewide asset management plan and reflect the department's goal of maintaining current conditions. These are set by the department and will not change unless policy changes, regardless of performance. Currently, good comparison data is not available because states measure the condition of major and minor highways using a variety of methods.

PROGRAM	DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.1090
MODOT - Highway 76 Improvements	_

The projections for this measure are based on the statewide asset management plan and reflects the department's goal of maintaining current conditions. These are set by the department and will not change unless policy changes, regardless of performance. Currently, good comparison data is not available because states measure the condition of major and minor highways using a variety of methods. Data for calendar year 2020 will not be available because MoDOT was unable to measure the condition of these roads due to the COVID-19 pandemic.

MoDOT's goal is to reduce the number of bridges in poor condition. The projections reflect the department's asset management goal of 900 or less bridges in poor condition. Ohio has been selected for comparison due to its similar demographics, geography and weather conditions. Ohio's total number of state highway bridges is approximately 200 less than Missouri. Ohio's bridges in poor condition was 196 in 2020, 176 in 2021, 179 in 2022 and 169 in 2023.

American Rescue Plan Act MODOT - Highway 76 Improvements AB Section(s): 20.1090

2d. Provide a measure(s) of the program's efficiency.

Construction projects are programmed or budgeted in the department's Statewide Transportation Improvement Program (STIP). Once a project is awarded and work begins, final project costs can change from the original programmed cost in the STIP. Construction project cost changes are usually caused by final quantity adjustments, weather, subgrade issues or other additional construction phase service costs. The target is zero percent difference, indicating MoDOT is making timely use of available funds.

MoDOT works to meet the initial contract completion date by preparing accurate plans and quantities and setting aggressive but reasonable completion dates. Occasionally, an authorized extension of the completion date is required for things like weather or additional work. This measure tracks the percentage of road and bridge projects completed by the commitment date originally established in the contract. MoDOT's target is 80 percent.

PROGRAM I	DESCRIPTION
American Rescue Plan Act	AB Section(s): 20.1090
MODOT - Highway 76 Improvements	-

Full-time equivalent (FTE) is the total number of hours worked or on paid leave divided by 2,080. The ratio in this measure was calculated by dividing the FTEs in the Census Bureau - 2023 Annual Survey of Public Employment and Payroll, by the estimated number of lane miles in the 2022 FHWA report of State Highway Agency-Owned Public Roads (HM-81). A low ratio means MoDOT is efficiently maintaining roadways with limited resources. The projection is based on budgeted FTEs.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.1336
MDA - Camden County Fairgrounds	

1a. What strategic priority does this program address?

To strengthen Camden County's roots by growing agricultural community opportunities (county fair, rodeos, livestock shows, etc.).

1b. What does this program do?

The council was formed to enhance Camden County's current offerings to our youth. The primary efforts of the council are to build facilities to grow our 4H and FFA programs while also enhancing our Agri-Tourism opportunities for the region.

2a. Provide an activity measure(s) for the program.

Phase 1: Land Purchase & Excavation, **Phase 2:** Construction of Pulling Track, announcer's booth, entry office, concession stand, bleachers, and appropriate shelter. (**will be open to limited business after completion of Phase 2) **Phase 3:** Construction of Livestock Show Pavilion, Showbarns, Exhibition Hall, Rodeo arena, Carnival Midway, Beer Garden, Restrooms, Concession areas, Administrative Building, Parking, **Phase 4:** Construction of Indoor Arena.

2b. Provide a measure(s) of the program's quality.

To measure quality during the construction phases, the quality can be measured by the funds raised to complete each phase. Once facilities are constructed, program's quality will be measured by net income from event/rental revenues.

2c. Provide a measure(s) of the program's impact.

To measure the program's impact during the construction phases, the council will contract with local providers to the best of their ability. Once facilities are constructed, the measure of impact can be calculated by room night impacts from local hotels/resorts, sales tax collections, and growth of agricultural related student program activities.

2d. Provide a measure(s) of the program's efficiency.

Completing all construction phases within a 5 year time frame from date of land purchase.

PROGRAM DESCRIPTION		
American Rescue Plan Act	AB Section(s): 20.1337	
MDA - FFA Foundation Teacher Training & School Grant Program	<u>. </u>	

1a. What strategic priority does this program address?

This program focused on multiple American Rescue Plan Act priorities, including supporting farmers and strengthening the food supply chain by training the next generation of producers and investing in rural communities, along with supporting schools by investing in educational programs that meet student needs.

1b. What does this program do?

With this support, the Missouri FFA Foundation was able to develop a program focused on improving, enhancing, and expanding agriculture education to better meet the needs of Missouri's agriculture industry. This was done by offering expanded training opportunities to agriculture education teachers across the state and by funding local school district grants to support agriculture education programming that meets the local agriculture industry workforce needs. In addition, technical assistance was provided by the program entity to school districts seeking grant funds.

2a. Provide an activity measure(s) for the program.

308 individuals attended agriculture communication training programs, 12 attended a two-day intensive training session on agriculture science and inquiry instruction, 80 attended a session highlighting the improvement of interpersonal communications, while 235 attended sessions targeting resiliency in the agriculture education sector. In addition, 26 grants ranging from \$10,000 to \$50,000 were awarded to schools across the state for a variety of projects to enhance, replace, or expand existing or new facilities, equipment, lab supplies, curriculum, and other needs. Additional funds have been set aside for grant opportunities for those districts seeking to enhance workforce development instruction in agriculture eduction.

2b. Provide a measure(s) of the program's quality.

Program quality Is maintained in multiple ways: The school-based grants are awarded via a competitive grant process where proposals must address at least one need and/or align with the strategies outlined in the 2020 study entitled Workforce Needs Assessment of Missouri's Food, Agriculture and Forestry Industries. The project must also be approved by their local agriculture education advisory committee as addressing a specific workforce need for the community and, for the higher level funding requests, include letters of support from local employers or economic development entity. Additional, there must be a local match for the higher level funding requests, which also demonstrates local buy-in. The teacher training component of the program focuses on offering workshops with topics/trainers approved by a multi-review process, including the state agriculture teachers' association executive community and a committee of agri-industry professionals on the foundation board. In addition, teachers will receive a survey post-training that uses a Likert scale and asks: "How satisfied were you with the quality of this training?" and "How likely are you to incorporate what you learned in this training in your instructional practices?"

2c. Provide a measure(s) of the program's impact.

For the school-based grants component of the program, 26 grants ranging from \$10,000 to \$50,000 were awarded to schools across the state for a variety of projects that enhance, improve ,or launch new agriculture education activities that meet workforce needs. As those grants required a local match, additional funds have been set aside for lower dollar grant opportunities (up to \$5,000) for which districts may apply for projects that support workforce development instruction in agriculture; however, those lower dollar grants due not rquire a local match. For the teacher training component of the program, 308 individuals attended agriculture communication training programs, 12 attended a two-day intensive training session on agriculture science and inquiry instruction, 80 attended a session highlighting the improvement of interpersonal communications, while 235 attended sessions targeting resiliency in the agriculture education sector. For the State of Missouri's FY 2025 funding, we will also have a measure of the estimated number of students impacted by teacher training.

PROGRAM DESCRIPTION	
American Rescue Plan Act	AB Section(s): 20.1337
MDA - FFA Foundation Teacher Training & School Grant Program	

2d. Provide a measure(s) of the program's efficiency.

In regard to the school-based grants component of the program, for the funding received through the FY 2024 allocation, the ROI on every dollar disseminated through the grants was \$2.22 in local match. This is how efficiency will also be measured for the FY 2025 allocation. For the teacher training component of the program funded through the FY 2024 allocation, because teachers might have attended more than one of the training workshops offered, we can not do an overall cost per teacher, but rather a cost per teacher for each individual workshop: The cost per teacher for the Agriculture Communications Workshop was \$8.12; the cost per teacher for the Agriscience Workshop was \$176.58; the Improving Interpersonal Community and Fostering Resiliency Trainings were facilitated by the same training, and MDA was only charged one overall fee. The cost per teacher trained for those workshops was \$19.65. Efficiency will be measured in a similar way for the FY 2025 allocation, though we plan to also include a measure related to students impacted.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.) The Missouri FFA Foundation's fiscal year is a calendar year. Below are the calendar year expenses for this program specifically, not the

4. What are the sources of the "Other " funds?
